SANTA ANA, CALIFORNIA, FRIDAY EVENING, SEPTEMBER 27, 1912

50 CENTS PER MONTH

IRELAND IS IN FIERY MOOD

Eve of Ulster Day Finds Ulster County Guarded by Troops as Though For War

UNIONISTS BY THOUSANDS WILL FIGHT HOME RULE

Great Pledge Will be Taken Tomorrow Which Will be Ulster Day

BELFAST, Ireland, Sept. 27.—The eve of Ulster Day found everything in readiness for tomorrow's great ceremony at the city hall, when, led by Sir Edward Carson, the Duke of Abercorn and Devonshire, the Marquises of Londonderry and Salisbury, Lord Hugh Cecil, Admiral Lord Charles Beresford and other members of the King's privy council, and half a million Orangemen will subscribe to a solemn covenant, pledging themselves not to recognize any parliament which may be set up at Dublin under the Home Rule bill, not to obey its laws and not to pay its taxes.

A huge demonstration was held here today, and vast crowds enthusiastically endorsed the policy of the Ulster leaders and expressed their readiness to sign the covenant roll. The city is in fact seething with excitement and the authorities and the Ulster and Nationalist leaders are extremely apprehensive of disorders.

To such an extent has public opinion in the north of Ireland been inflamed by the Home Rule controversy that despite the entreaties of the party leaders it is considered practically certain that there will be trouble. For years, hostile politicians have been characterizing the Orangemen's battle cry, "Ulster will fight and Ulster will be right," as mere bluff, but that tone has been changed, and whatever politicians may still say, the British war office is known to have taken unusual precautions. Lord Lieut. Earl of Abercorn, Irish Secretary Augustus Birrell, and Lieut. Gen. Sir Arthur Paget, commanding troops in Ireland, have been in constant communication with the war office. The Irish office and the home office in London, and the whole of the province of Ulster has been systematically mapped out as though an invading army was thundering at the gates.

Although the authorities are keeping the troops out of sight as much as possible, in order not to provoke trouble, practically the whole of the Irish command is under arms and ready to move at a moment's notice. Gen. Sir Arthur Paget has under his command two divisions of infantry, a brigade of cavalry, nine brigades of artillery and other corps totaling over 40,000 men and of these over 12,000 are ready in Ulster.

Brigadier General Count Helchen, who is a distant cousin of King George, has his fifteenth infantry brigade quartered in and around Belfast, although the only battalion actually in the city is the Cheshire regiment. The other regiments, quartered respectively at Londonderry, Holywood and Hullingar, can, however, be brought up by rail in quick time, and the cavalry brigade at the Curragh camp is under orders to march at a moment's notice. Extra stacks of arms have been stored at the depots and preparations have been made for the feeding and housing of the whole division. In addition to these forces and the city police, Inspector General Sir Neville Chamberlain has about 2000 of the Royal Irish constabulary handy and it is on the constabulary that the authorities are chiefly relying.

STANDARD OIL CO. PLANNING OIL GRAB

So Think English People Who Are Denouncing British Foreign Office For Policy

LONDON, Sept. 27.—That the British foreign office which is allied with six powers in negotiating a fifty-million dollar Chinese loan has been hit hard by over-subscription, is indicated in the application of the Borch-Crisp Company for fifty million Chinese bonds. Liberal papers denounce the foreign office and it is reported that the Borch-Crisp Company is backed by the Standard Oil Company which is said to be planning an oil grab in China.

"Down With U. S." Is Cry at Berne of Swiss Strikers

BERNE, Switzerland, Sept. 27.—Screaming "down with the United States," five hundred strikers today attacked the American minister's house. The police dispersed the mob before any damage was done. The strike is one of sympathy with Joe Ettor and Arturo Giovannitti, charged with murder at Lawrence, Mass., the murder which they are alleged to have committed being that of a woman during a clash of the police and strikers during the late textile mills strike.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Saturday; light northwest winds.

San Bernardino Seeks Lower Gas Rate
SAN BERNARDINO, Sept. 27.—The plan to secure a lower price for gas in the city will again be discussed at the meeting of the city council next Monday night. James E. Barker, who has been going over the books of the two gas companies, will at that time file his report.

Marvel of Road Through San Jacinto Range
RIVERSIDE, Sept. 27.—Carl S. Carlton, county supervisor, returned Thursday night from a motor trip over the new Riverside-Idyllwild-Banning automobile road, through the San Jacinto range. He says the road is ideal for travel, and that the elevation, reaching 6500 feet, insures a cool trip. He found the apple crop in Apple Valley to be a record breaker, the trees breaking down with fruit.

Aviator Voisen Killed In An Auto Accident
LYONS, France, Sept. 27.—Charles Voisen, a noted aviator, for whom the Voisen monoplane was named, was killed here and Baroness Della Roche, a famous aviatrix was seriously injured in an automobile collision near Belleville-Sur-Saone last evening.

"Pawnee Bill" Seeks Divorce From Wife and Partner
FAWNEE, Okla., Sept. 27.—Major Gordon W. Little ("Pawnee Bill") yesterday filed suit for divorce. The Little was married fifteen years ago in Philadelphia. Since that time they have jointly been engaged in the "wild west" show business.

Recently Pawnee Bill's show joined with the Buffalo Bill aggregation. The consolidated show is now in the Southwest. **Walter Gave Blood To Save Girl Who Attempted Suicide**
SAN FRANCISCO, Sept. 27.—Saved from suicide by the life blood of a waiter, Miss Anna Bohlin, a comely maid, is recovering today. She attempted suicide by asphyxiation, and the attending physicians said that only transfusion of healthy blood would save her life. Oswald Schwartz volunteered for the operation and his offer was accepted. The girl's wealthy uncle offered the waiter one hundred dollars which he refused.

McManigal Arrives Safely at Indianapolis
INDIANAPOLIS, Sept. 27.—Ortie McManigal, the confessed dynamiter, arrived here from Los Angeles today in the custody of Burns Detective Malcolm McLaren and two deputies. He is confined in the federal building awaiting to testify against labor unionists charged with illegal transportation of dynamite.

Car Bandit Suspect Released, Now Believed to Be Lloyd E. Knapp
REDWOOD CITY, Sept. 27.—Sheriff Mansfield believes the car bandit suspect recently released here is Lloyd E. Knapp, the convicted embezzler, of Los Angeles, who escaped from a deputy sheriff en route to San Quentin.

Weather Prognostications
SANTA CLARA, Sept. 27.—Rev. J. S. Ricard of Santa Clara University, who bases weather predictions upon solar disturbances noted at the university observatory, has announced his prognostications for the month of October.

Unusually warm waves may be expected, he says, from October 7 to 12 and 24 to 29. Along the north Pacific coast, growers should guard against frost after the passage of these warm waves.

PARSON, "GAME SPORT" THANKED COWBOYS FOR WILD WEST WELCOME
PENDLETON, Sept. 27.—Father Bernard Vaughan, the noted English minister, was given an old-fashioned cowboy welcome today. The cowboys from a round-up being held here, met the train and fired their revolvers, while a cowboy band played "Let 'Em Buck." The minister was startled at first, but soon entered into the spirit of the welcome, and thanked the cow-punchers for their unique greeting.

KEMBLE INJURED DURING HOLD UP SUES 10,000 TEXTILE WORKERS ON STRIKE

Wants \$10,000 From Man Who Shot Him Thinking He Was a Bank Robber

SAYS HE HAS 150 SHOT STILL IN HIM

U. W. Hall, Who Tackled the Bandits, Defendant in Action Brought Today

Bradley Kemble, a young Newport Beach fisherman, wants \$10,000 because U. W. Hall mistook him for a bank robber and fired two loads of birdshot into him on the morning of January 13. Today suit for \$10,000 was commenced against Hall by Kemble. Williams & Rutan are attorneys for Kemble, whose complaint states that Hall "Wilfully, unlawfully, wrongfully and negligently" fired twice at Kemble, and 200 shot were deposited in Kemble's body and limbs. Kemble asserts that there still remain in his flesh 150 shot, that cause him much suffering and blood-poisoning.

It is asserted that before January 13 Kemble was earning \$100 a month as a fisherman. For eight months he has been unable to follow his work. His surgeon's bill was \$200, and he estimates that it will cost him \$500 for surgical fees for the removal of the shot that are still in him.

Kemble alleges that he was a member of the Newport Beach fire department and was on his way to a supposed fire when he was shot, and that it was not due to any want of ordinary care on his part that he was shot. Kemble's suit is based upon an exciting occurrence at Newport Beach. In the early morning of January 13, Hall's wife was awakened by the explosions of three bank robbers engaged in blowing open the safe of the State Bank of Newport. It is kept by the Newport Beach fire department, and the two men went forth armed with shotguns.

From behind a gasoline drum, Hall opened fire on the bank. He wounded one robber as he was making his getaway. Kemble was awakened by the shot and thinking there was a fire, got out of bed and ran for the fire hall. As he approached the bank, a bandit jumped up, pointed a revolver at him and told him to keep on running. Kemble kept on running. Hall seeing Kemble thought he was a robber. He ordered Kemble to stop, but Kemble kept going. Hall then fired twice, and Kemble fell terribly wounded.

The robbers made their escape. Several weeks afterward Bill Davis, credited with being one of them, was arrested at El Modena. Davis died at the county jail soon afterward of tuberculosis.

BRITISHER WARNS BRITISH COLUMBIA AGAINST JAPAN

TORONTO, Sept. 27.—Lord Stanhope, a Unionist member of the British House of Lords, expressed his opinion today that British Columbia should guard against a Japanese invasion. He said that Japan is already almost master of the Pacific, and that she is looking for a new place for settlement.

OFFICER WHO ARRESTED HARRY THAW, IS SUICIDE

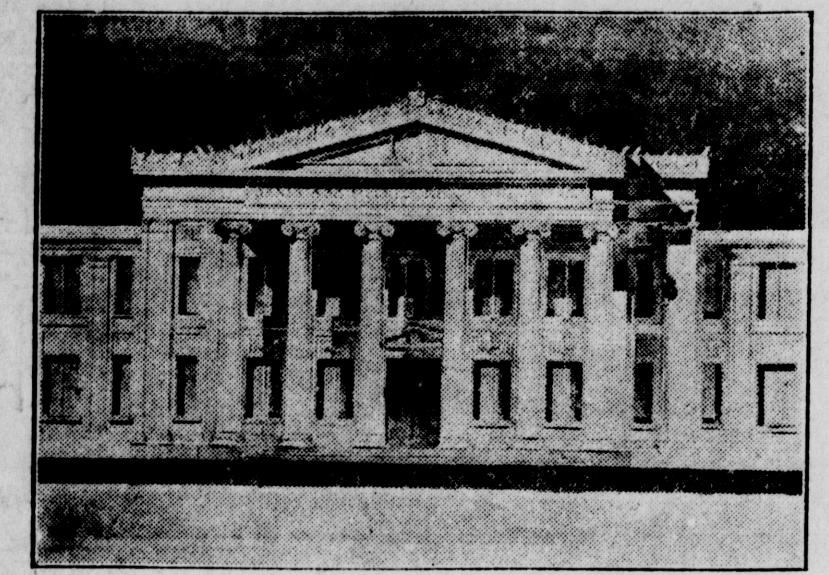

NEW YORK, Sept. 27.—Mrs. Anthony Debs, and two little girls were seriously wounded today by her husband, the policeman who arrested Harry Thaw following the killing of Stanford White, because she summoned him before the Domestic Relations Court. Debs then suicided.

MARSHALL BLACK TO BE PROSECUTED

Santa Clara Valley Authorities Press Action in Spite of Payment of \$100,000

SAN JOSE, Sept. 27.—The authorities of the Santa Clara Valley, headed by District Attorney Free, have determined to press the criminal charges against Senator Marshall Black, despite his restitution of nearly \$100,000 of misappropriated funds of the Palo Alto Building and Loan Association. The action is said to be independent of the investigation of Building and Loan Commissioner Walker, who is a personal friend of Black.

High School Heads of Department Help In Planning New School

ENTRANCE TO ACA DEMIC BUILDING

The more you look at them, the better you like them. This is the judgment of the high school faculty members who have been studying the plans of the polytechnic high school. So far as that is concerned, it is also the judgment of all others who have been looking at the plans. The buildings are going to make a handsome group. The school board is thoroughly convinced of that. The classical style is maintained throughout, but from an architectural point of view the entrance to the academic or main building is of unusual artistic excellence. The huge columns lend a dignity to the plans. Architects Withey & Davis, whose plans were accepted in a competition in which thirteen architects competed in detail. They have made two trips here for consultation with

PROGRESSIVE FIRES LIT IN NEW HAMPSHIRE BY GOV. JOHNSON

MANCHESTER, N. H., Sept. 27.—Governor Johnson wound up a three-days' tour of New England with an address yesterday afternoon at Concord and another at a monster meeting last night in this center of industrial activity. For the next four days he will take the "rest cure" preparatory to entering upon what in many respects will be his most important series of meetings; those in the Empire state.

Governor Johnson leaves New Hampshire with assurances that the Progressive fires are lighted in this state of boasted stannatism and that soon they will be burning here just as brightly and just as briskly as elsewhere in the country. In many respects New Hampshire owes a striking parallel politically to California prior to 1910. Here, as was the case in California, a single powerful railroad operates the government just as though it were one of the various bureaus of the railroad.

Manchester is a manufacturing community, and Governor Johnson's audience was composed almost entirely of men and women who are real toilers. Seldom, indeed, has there been gathered together at one time and place for the purpose of listening to a political address so large a group of actual wealth producers.

They came out to hear Governor Johnson, not because he is merely a candidate for vice president, but because they recognize in him the preacher of a new doctrine of industrial and social justice. Theodore Roosevelt's popularity with working men and working women was demonstrated repeatedly throughout the evening. Whenever the name of the former president was mentioned there was an outburst of applause.

X-RAY REGISTRATION OF SCHOOL CHILDREN IS NOW ADVOCATED

WASHINGTON, Sept. 27.—X-ray registration of the growth of school children was a unique reform advocated today before the International Congress of Hygiene and Demography by Prof. Thomas N. Rotch, of Boston. "To get the best results in the grading of mental and physical conditions of the individual, we should study them physiologically," said the Harvard professor. "Development of children may now be determined automatically. The bony structure of the body progresses with comparative regularity, the development of the wrists being a fair test of the entire framework. We should take X-ray pictures of the wrists of children to determine their physical fitness both for school and labor. Efforts of parents to put their immature children at work is pernicious, and falsification of their age may be determined scientifically." Mid-wives were defended by Clara D. Noyes, superintendent of Bellevue Hospital Training Schools at New York. "In America, with characteristic disregard of our natural resources we have not protected and conserved our child life," said Miss Noyes. "We have not recognized the mid-wife as a necessary part of our social structure. Attempts have been made to eliminate her, but always unsuccessfully. We have closed our eyes to her and let her alone, without education and without adequate laws for control and supervision. Intelligent motherhood is the panacea for the slaughter of the innocent. Fifty per cent of all births are attended by a class of untrained and untaught mid-wives, who, as a rule, are densely ignorant and unspeakably dirty. "We are thus neglecting the very fountain-head of the health and possible wealth of our nation. The mid-wife, for whom no opportunity for education has been provided, cannot be expected to teach the mothers that which she herself has never been taught. "One-half of all children die from diseases of the digestive tract, tuberculosis, pneumonia and other contagious diseases," said Dr. S. W. Newmayer, of Philadelphia. "Less than one-half of maternity cases are attended by physicians. Visiting nurses are what we need, to teach mothers proper care of their children."

MAN'S SKULL CRACKED IN FIGHT

Quarrel at Capistrano Over Woman Results in Use of Gas Pipe and Revolver

BLACKSMITH AND GARAGE MAN MIX

G. H. Marshall in Precarious Condition—Charles Free Shot Through Leg

With his skull broken by a blow from a piece of gas pipe, George H. Marshall lies in a bed at San Juan Capistrano. Charles Free, who struck Marshall, is in the county jail with a bullet hole through his thigh.

The two men fought over a woman, a grass widow who has been living a widow who has been living at San Juan Capistrano for several weeks. Marshall attacked Free with the gas pipe and a revolver. The revolver fell to the ground, and Free rested the gas pipe from Marshall and struck him a blow over the head. As Free ran from the place, Marshall got the revolver and fired four times at Free, one bullet taking effect.

Free is the village blacksmith. He worked in the shop for about a year and a half, and for the last six months he has owned it. Marshall and the woman have been at San Juan Capistrano for about six weeks. Marshall has charge of a garage recently built there. The woman is said to be a partner in the garage business.

The officers gather that Free had been attempting to make love to the woman. According to Free's story he heard that Marshall and the woman were to be arrested, and out of the kindness of his heart he went to the garage that night about 8 o'clock to warn Marshall.

Marshall did not take Free's words with any degree of favor. Instead of thanking Free, he began to abuse him, and told him that he wanted him to have nothing to do with the woman. He ordered Free to leave. Free stood in the street, and refused to go. Then the fight began. Marshall had a revolver and the piece of gas pipe. The revolver in some way was dropped on the street. Free says Marshall hit him once with the gas pipe and knocked him down. Free got up, seized the weapon with his fingers, exerted a blacksmith's strength and got possession of the gas pipe. Marshall ran into the garage, and Free followed, and there the two again mixed. This time Marshall went down with a heavy blow that dented in his skull, but failed to render him unconscious.

As Free was leaving, Marshall ran to the edge of the street and picked up the revolver. Free was not stopped by the bullets, but one of them struck him, inflicting a flesh wound. Marshall was put to bed at the garage, where he lives, and a physician was sent for at Santa Ana. The physician arrived a few minutes before Deputy Sheriff Murray, who also went from Santa Ana. Free was taken to jail, arriving here about 12 o'clock. He was at his room when Murray found him.

Today Murray and Deputy District Attorney Koepsel went to the mission village to make an investigation. Marshall's condition was favorable to recovery, and no attempt was made to get a dying statement from him.

WAS GENEROUS WITH ASSOCIATION'S FUNDS

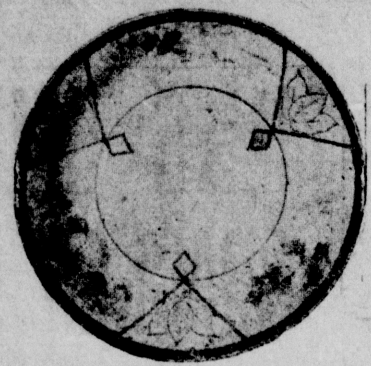

PALO ALTO, Cal., Sept. 27.—Lending money to help friends and employees on only verbal promises for security, is said to be responsible for the downfall of Senator Black. An instance of his generosity is shown on the institution's books. He lent \$4000 to the office boy to start business and no return was made.

STRIKE AT BINGHAM NEARING A CLIMAX

SALT LAKE CITY, Utah, Sept. 27.—It is the general belief today that the key to the strike situation between the miners and mine operators of Bingham, is the recognition of the Western Federation of Miners. The operators are willing to meet the men, but not as unionists. Charles Moyer, the strike leader, telegraphed today from Nevada that the miners there are preparing for a sympathetic strike. Still excitement exists here and the militia, after sleeping in the armories all night, went to rifle range this morning. Officials declare that this has no connection with the strike situation.

Hand Painted CHINA PLATES

28c EACH.
4 PLATES FOR \$1.00

These plates sell regularly at 35c to 50c, but we have a large number and to reduce the stock you may take your choice at 4 for \$1.00. Many choice designs.

SALAZAR NOW IN UNITED STATES

ly Wounded; Orozco Has
ly Wounded; Orozco Has
\$100,000, Says Campa

DOUGLAS, Sept. 27.—Authentic reports from American and Mexican officials this afternoon state that General Ynez Salazar, General Orozco's chief assistant in the Mexican rebellion, had crossed the American line and had boarded a train for Los Angeles. Salazar who is slightly wounded, is now on his way to Los Angeles.

OROZCO HAS MILLION SAFELY BANKED, ASSERTS GEN. CAMPA
TUCSON, Ariz., Sept. 27.—General Pascual Orozco, Jr., has more than a million dollars in European banks as a result of his revolutionary activities, according to a statement made yesterday by General Emilio Campa, General Inez Salazar also has amassed a fortune, according to Campa, who was severe in his denunciation of his former comrades in arms.

Campa denied that his arrest was the result of an agreement with Orozco and Salazar to provide a test case in the United States court, they to follow his example should the United States government refuse to prosecute or to allow Mexico to extradite him. Mexican officials here declare they have positive knowledge of such an agreement.

"I have not murdered and looted as they have done," said Campa. "They

have just been out for the money, while I have been fighting for a cause."

SEEKS HEIR TO FORTUNE

Mrs. Stephen Buck Asks Police to Locate Her Son Ralph Burton Buck

ST. LOUIS, Sept. 27.—Mrs. Stephen Buck of Denver, Colo., has requested the police to locate her son, Ralph Burton Buck, who is heir to \$220,000 left by his father and grandmother.

The boy disappeared in 1909 when 16 years old. He left home because his father wished to send him to a military school. At the time Ralph had only \$15, his week's salary.

He is the son of the late Stephen Buck and the grandson of Charles Buck, founder of the Buck Stove and Range Company.

SLIGHT CHANGE IN ROUTE AGREED TO

Orange News: The Pacific Electric right-of-way fund has reached \$11,681 through subscriptions received since the last publication.

It has been announced that a slight alteration in the route has been agreed to by the railroad company on suggestion of the local committee, which will be likely to make a difference in the cost of the right-of-way by throwing it somewhat closer to the creek at one point. The company's engineers made a survey yesterday and sketched the change on the maps of the committee.

President Blaisdell of Pomona College, is announced to conduct the morning service next Sunday at 11 o'clock in the Congregational church at Villa Park.

Friends generally are cordially invited to hear one among the ablest educators of the Pacific coast.

The pastor of the church is yet away on his New York City vacation trip.

Many Driven From Home

—Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Kitchenettes

Many housewives believe in boiling new earthenware before using it, as this effectively toughens and hardens it. This is particularly efficacious in the case of ordinary brown kitchenware, the articles being placed in a large pan of cool water which is then brought slowly to a boil. After being allowed to boil for ten minutes remove the pan and allow the water to cool before taking out the ware.

A kitchen bouquet for flavoring soups can easily be made. Take a few sprigs of parsley and wrap them around peppercorns, whole cloves, a bay leaf and other herbs that are at hand. Tie up tightly. This can be removed from the soup without trouble.

To make string beans or cabbage tender in cooking time and also to shorten the time required for cooking the latter vegetable, add a pinch of baking soda to the water in which they are boiled. This, used judiciously, makes the vegetables as fresh and tender as when they came from the garden.

Contrasts in Domestic Service
Americans who can keep only one servant, and who often cannot keep that one very long, sometimes sigh for the supposedly domestic tranquility of the old world—and yet here is a paragraph in the London Times saying that a certain marquis was summoned to a London police court for "keeping four male servants without having licenses," and fined forty shillings with costs. Life is not worth its troubles even for marquises with several servants.

T. R. SPEAKS IN NEW ORLEANS

Pearson Predicts Taft Defeat;
Gov. McGovern Turns to T. R.;
Wilson Not Progressive

NEW ORLEANS, Sept. 27.—Colonel Roosevelt arrived here today, and delivered a rousing address at the Winter Garden this afternoon. An automobile parade featured the Colonel's visit.

The new keynote which is expected to win thousands of votes in Dixie was sounded by Theodore Roosevelt this afternoon. He asserted that the Progressives offered the only solution for the Southern voter who desired the South to have a greater voice in the management of the government.

PEARSON PREDICTS TAIT'S DEFEAT ON NOVEMBER 5

WASHINGTON, Sept. 27.—Richard Pearson of Asheville, N. C., former United States minister to Persia, who was ousted from the national Republican committee on Wednesday because he is working for Colonel Roosevelt, wrote in a letter to Republican Chairman Hill, according to the New York Evening Sun: "Compelled to surrender temporarily a seat in your committee or to betray both my conscience and my constituents, I have had no difficulty in reaching a decision, and I await with absolute confidence the certain overwhelming and merited castigation which will be administered by an outraged people to yourself and your associates and your candidates on the 5th of November. You will then ascertain the source and seat of power in a republic."

GOV. MCGOVERN NOW COMES OUT FOR COL. ROOSEVELT

MADISON, Wis., Sept. 27.—Governor McGovern again changed front today, coming over to Col. Roosevelt. McGovern recently declared that he would support Wilson. Today he said: "Roosevelt is the natural choice of the Republican Progressives."

Governor McGovern declared that Taft was re-nominated by fraud and that his administration is in the main one of incompetency and retrogression. He believes the Progressive platform is a model. His announcement is regarded as the parting of the ways between La Follette and McGovern.

WILSON'S PROGRESSIVE CLAIM PUNCTURED BY ROOSEVELT
JACKSON, Tenn., Sept. 27.—"Governor Wilson is about as much a Progressive as Mr. Taft."

That was Colonel Roosevelt's sensational comment here last night. When asked what he thought of Woodrow Wilson's speeches in Connecticut in exploiting himself as a full-fledged Progressive.

Just as the Progressives everywhere are against the bosses," he argued. "Governor Hooper does not care whether he is elected as a standpat Republican or reactionary Democrat, so long as he gets your vote. That's the way all of our antagonists on both sides feel about this campaign. The bosses are all against you."

U. S. CRUISER OFF TO FOCHOH Threat of Police Chief to Murder Foreigners Hastens Ship to Scene of Action

WASHINGTON, Sept. 27.—The United States cruiser Cincinnati, one of the largest American ships now in Oriental waters, sailed from Shanghai for Foochow yesterday, according to Navy Department dispatches last night. The Cincinnati will proceed directly to Foochow and will lie off the city to protect American interests there, in case of an extended revolt, presaged in the report that the minister of police has threatened to destroy the city and murder all foreigners if molested by the Chinese central government.

The latest news from Foochow indicates no special danger to Americans, but Admiral Nicholson, commanding the Asiatic squadron, evidently wishes to be prepared for the worst.

AWAY WITH CATARRH, A FILTHY DISEASE

A Safe Old-Fashioned Remedy
Quickly Relieves All Distressing Symptoms

If you are subject to frequent colds, or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sores in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and your friends by constantly hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. This healing antiseptic Balm does not fool you by short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all the rank poison, soothes, heals and strengthens the raw, sore membranes, making you proof against colds and catarrh.

One application will convince you, and a 50-cent bottle will generally cure the worst case of catarrh. It is guaranteed. Get it today from your druggist today.

Those Pleasant Questions
Dubleigh's car lay flat on its side and deep in the mud in the freshly plowed field, having skidded off the road, through the low stone wall, to get there.

"Ah!" cried a passer-by from the roadside. "Had an accident?"

Dubleigh tried to hold his tongue, but the strain was too much for him.

"No, of course not," he replied, coldly. "I've just bought a new car, and have brought my old one out here to bury it. Got a pick-ax and a shovel in your pocket you could lend me? I can't seem to dig very deep with my motor-horn."—Harper's Weekly.

School Shoes FOR BOYS AND GIRLS

Free! Free!

A pencil box containing a penholder, pencil and ruler will be given with every pair of shoes sold by us, regardless of price.

DEMOCRATS RALLY TOMORROW NIGHT

Meeting Under Auspices of Wilson Club and Democratic Women's Club

A Wilson and Marshall rally is to be held at Spurgeon's hall tomorrow (Saturday) evening under the auspices of the local Wilson Club and the Democratic Women's Club.

Lorin A. Handley, city clerk of Los Angeles, will be the principal speaker, and Mary E. Foy, president of the California Woman's Democratic League, will make the opening address. Both of them are talented and entertaining speakers. The Santa Ana Band will entertain on the occasion, and a large attendance is expected.

LITTLE DEVELOPED IN SENATE PROBE OF MEXICAN REVOLT

Los Angeles Examiner: An effort of Senators Smith and Fall of the sub-committee investigating American relations to the Mexican revolution yesterday to secure information regarding alleged shipments of rifles and ammunition from Los Angeles across the border, developed little definite information in support of the claim that large shipments of that sort have been made.

James Klindt, manager of the Union Hardware Company, testified that within the past two years his firm had made two shipments of arms and ammunition, presumably for use in Mexico. One, to Yuma, was of 30,000 cartridges and forty-two rifles; another, to Nogales, consisted of 35,000 cartridges.

Edward H. Tufts and Bernal H. Dyas testified that their firms had made no unusual sales of arms or ammunition within two years, occasional orders for from five to ten rifles by a mining company being the largest either of them could recall.

Jesus Almada, a sugar planter who owns 3000 acres near Napa, Sinaloa, and who for two years has been a resident of Los Angeles, educating his children here, testified that his property has suffered little damage through the revolution. Asked if he thought it would be possible to restore peace, he answered diplomatically that it would be if a general agreement could be formulated which would meet the approval of the Mexican government and Orozco and the other revolutionary leaders.

A Sandoval, who has the big Mexican fishing concessions from Ensenada around to Guaymas, had a conference with Senators Fall and Smith and probably will embody his statements to them in formal testimony today.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

Tires We carry a full line of Tires, Tubes, Shoes, Patches, etc. We guarantee our Vulcanizing to give the best of satisfaction. We carry a full line of Oils, Grease and Gasoline. Santa Ana Vulcanizing Works. Storage for cars. 421 West Fourth St. Black 4076.

Gem Worth Remembering
With malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle and for his widow and orphan—to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations.—Abraham Lincoln.

TAFT CHALLENGES THE LONDON TIMES

President Declares in Statement to Paper That Panama Charge is Unfair

LONDON, Sept. 27.—President Taft has sent the following statement concerning the Panama Canal to the Times:

"All that I can properly say for the Times is that it seems to be a very unfair argument to charge a man with being in favor of dishonoring the treaty obligations of his government, when he asserts that his government had never entered into such treaty obligations. It is not competent to charge dishonor before it has been established that we have violated the treaty.

"I gave notice that I held to this construction of the Hay-Pauncefote treaty in my message to Congress one year ago. There was no suggestion that my construction of the treaty was at fault nor was any such suggestion made until the Canal bill had almost reached its final passage.

The Times yesterday morning made the following editorial comment on President Taft's statement:

"The obvious effect of such language as this is to suggest that the Times has brought charges of dishonorable conduct against Mr. Taft. We have written a great deal about the Panama policy of Mr. Taft, but we have never lowered the plane of argument by introducing any questions of personal character or motive.

"We have defended our own reading of the Hay-Pauncefote treaty. Treaties are not documents to be submitted for interpretation to domestic courts of either of the signatories. Neither can the choice of different interpretations be made by diplomatic reference. They must be referred to that international arbitration, concerning which President Taft himself has been so eloquent, to satisfy the honor of both parties. The contestants can only gain from such a course, whatever view the court may take of their rights."

Unclaimed Letters

The Triplex Bathtub-Chair

It is a luxury in the bath as it can be hung inside at the upper end of the tub giving greater convergence while bathing. Fits inside or outside, or at either end and is so made that it adjusts to fit any bathtub. Nothing to fasten—just place it where you want it and turn down the seat. Nothing to get out of order—will last for generations. Feels up out of the way when not in use.

The chair is so easy to manipulate, that it can be used by the smallest child and is so strongly built that it will comfortably support the heaviest adult. The Triplex Bathtub-Chair is highly recommended by hotel managers, hospitals and sanitariums throughout the United States.

Made with all parts nickel plated, both inside and out, highly polished and guaranteed not to rust. Hardwood seat is heavily coated with a permanent enamel making the Triplex Bathtub-Chair an article whose handsome appearance will beautify any bathroom.

Can be purchased at any of these stores.

PHILOSOPHY, SCIENCE AND MEDICINE

"No philosophy evolved from the inner consciousness of man has ever done man half the good that has been secured to him by the discovery of the agents of infection. In fact, no discovery in science has failed to better the lot of man." With these significant words Prof. V. C. Vaughan of the University of Michigan replies to the strictures of those modern writers who charge science with being essentially materialistic in its aims and scope. These philosophers, evolving what they assume to be an exalted idealism out of their inner self, are all too frequently in apparent ignorance of the real contributions which science has made alike to knowledge and to human happiness. Confident that the "inner life" contributes some superior sort of moral worth to the individual, they fail to grasp the significance of the forces about us and the biologic tendencies within us which determine in largest measure what constitutes human welfare and social and racial betterment. Scientific men build their idealism solidly up from the ground; they do not hang it precariously from star-beams. "The foundation stone of my philosophy," writes Prof. Vaughan, "is the doctrine of evolution." He points out that we deal here not with superhuman forces which man cannot know, cannot modify, cannot study, but rather with potent factors that call for the best effort in behalf of the race. What higher incentive can there be, for example, to keep one's self clean morally and physically than the facts derived from the study of heredity? And when the added undeniable influence of environment in the modification and improvement of the species is taken into account, it is apparent that every effort to improve the conditions under which men live is based on motives quite as dignified and worth while as the hauntings of the philosopher who claims to cultivate the good and beautiful for its own sake.

It is timely, says The Journal of the American Medical Association, to refute the charges of materialism which are now and then preferred against scientists. As Vaughan points out, our knowledge of the spread of infection is the strongest factor in the social movements of the day. Disease still takes a heavy toll. Ignorance and deep-seated prejudice still are often found retarding progress in unexpected quarters. The philosophy of science concerns itself with this world and this life and reaches every condition. It is a truth which will bear insistence and repetition that the dicta of science are a high, noble and powerful incentive to righteousness. "To widen the domain of knowledge, be it ever so little, to abate disease, to lessen pain and suffering to decrease the burden of poverty, to brighten and ennoble the lives of others, to harness the forces of Nature and make them subservient to man's will and contributory to his happiness . . . to make man more considerate of his fellow, to ap-

preciate and perform his duties—these are some of the things that science has done and is doing."

WHY POLITICAL MACHINES EXIST

It is one of the anomalies of politics, that the voters who express the most exasperation with political machines are frequently the very men who will not use the weapons in their own hands to destroy those machines. Political machines have grown up in the United States principally because the citizen neglected his political duties. The machine does the work which the citizen ought to do for himself.

Every politician knows that the most essential feature of his campaign is to get out the vote. For every ballot which he can capture by converting hostile voters, he can by hustling get four who were simply indifferent and needed some kind of personal solicitation to get out. This solicitation may be corrupt, involving use of money, or it may be wholly legitimate, involving merely persuasion to go to the polls.

Now if every able-bodied citizen did his duty like a man and a patriot, and took the slight time and trouble required for voting, without having to be cajoled, begged, bought, or bullied to vote, the machine would have nothing to live by, and its work would be gone. But if a large section of the voters neglect their duty, fail to take an interest in politics, some one performs the task of arousing their concern.

The business man will not leave his office, nor the mechanic his bench, to perform this function. Consequently there grows up a tribe of political workers who perform these tasks either for money or hope of favors to come. While many of these men are honest, yet as a class they include a great many who are not industrious workers at the tasks of daily life, and who eagerly seize the chance offered by politics to squeeze out the living they fear they cannot make in the world of business.

It is the indifference of the average voter then that makes the opening for the vast tribe of professional politicians that can get out the vote for primaries and elections. After they have performed their tasks, they look for payment. Usually what they want is not cash, but a soft snap. The voters pay the bill in the high cost of all public work.

The way to smash all this vast system of inefficient public work is for the average voter to get to the polls, just as he would get to an important business appointment. Until he does, political machines will flourish, and their workers must be paid, either in money or in offices, for which they are not usually qualified.

THE PARTING—A DIALOGUE

(By Chester Perkins.)
"And so it's all over tomorrow. Your motor will whisk you away. I don't think 'twill bring you much sorrow; You've been so—so stupid today!"

"I'm sorry; I ought to be joily; It's been my best summer—and you—"

"Oh, what do I matter? What folly! Of course, as you say, it's all through."

"By Jove! but I wish it WAS easy; A man doesn't take things that way." "No. Men just grow tired and freezy, and say: 'Lovely summer—good-bay.'"

"Why, Polly, you don't mean I've hurt you; You don't mean to say that you CARE."

"No, no, no! I hate you! You flirt, you, no!"

"I don't see—how—ever—you—care!"

"You do!—No, you CANT! Why, I've told you; I'm only beginning; I'm POOR!"

"Go on then; I'm not going to hold you; I'll not be your burden, I'm sure!"

"By Heaven, you SHALL be! I love you!"

"I don't care a rap for your gold." "Dick! Stop it! How impudent of you!"

"Dick—dearest! Why WERE you so cold?"

The One Thing That Matters
When you come down to the very bedrock of affairs nothing matters to a nation excepting the health and number of its babies.

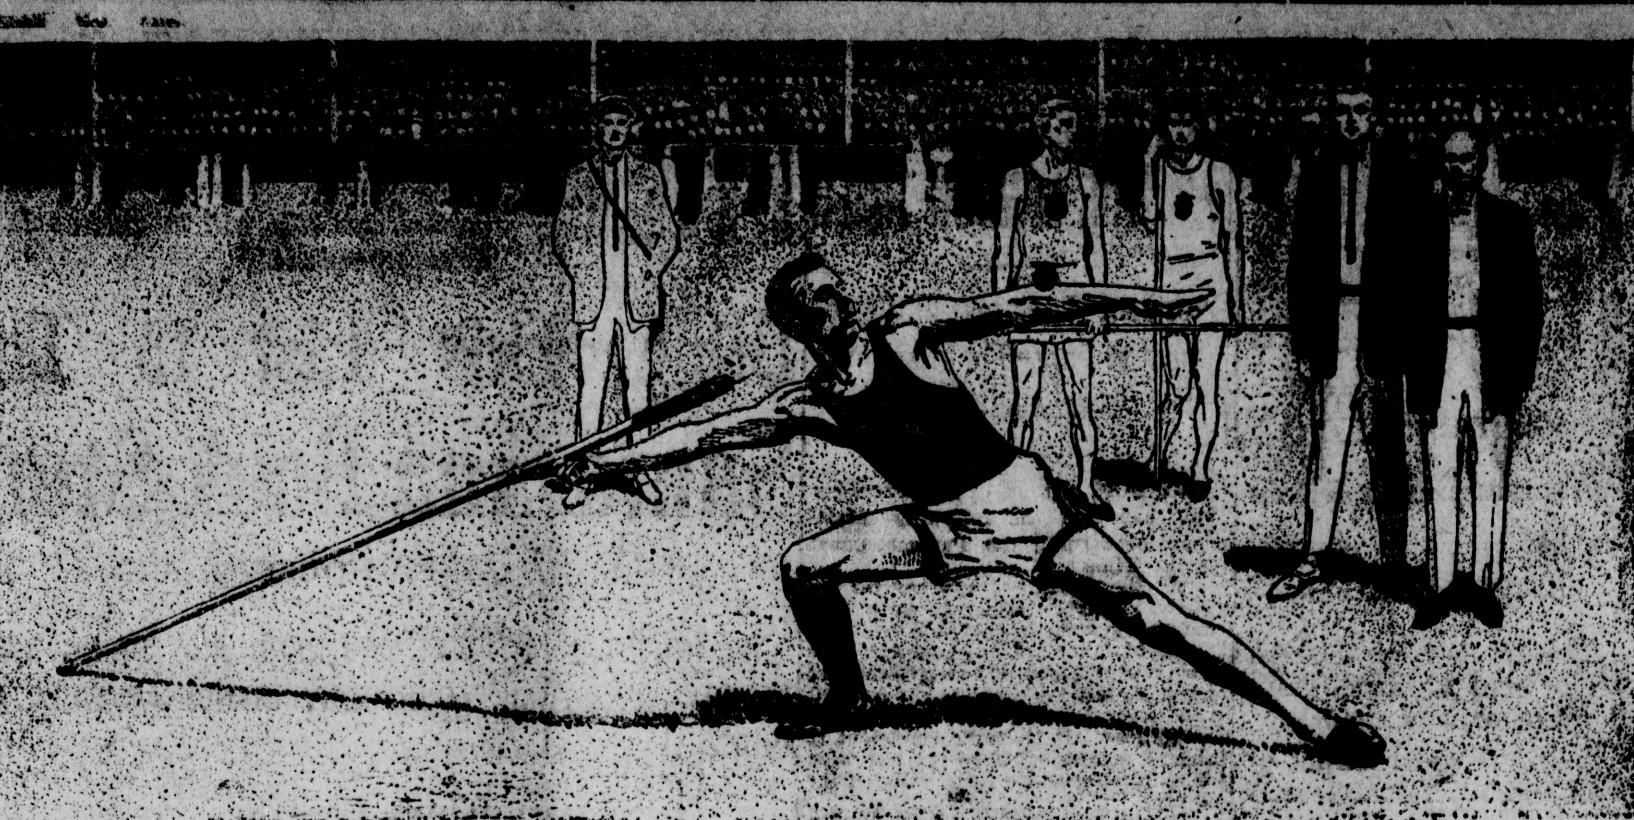

In addition to our specials

THE NON-CONSTRUCTIVE AND INEFFICIENT CHARACTER OF THE DEMOCRATIC CAMPAIGN

BY GEORGE W. PERKINS.

September 14th, 1912.
To the Editor of the New York American.

Sir—I am very much impressed with the special cable, via the London Daily Express, published in your issue of this morning wherein Mr. Hearst expresses his views on the position taken by Mr. Wilson and the Democratic party on the tariff and recent views expressed by Mr. Wilson as to the ability of our business men in the matter of developing our foreign commerce.

Mr. Hearst, in his statement, as I read it, has made the present issue between the Progressive and Democratic parties so clear that one and all can grasp it and make up his mind whether he is for the policy, or lack of policy, advocated by the Democratic party or the policy advocated by the Progressive party.

How the Democratic party proposes to reconcile its platform declarations on the tariff with Mr. Wilson's speech on this subject and yet not disturb business has been impossible for the ordinary man to understand, and Mr. Hearst makes it clear that such a program is impossible of practical application.

Mr. Hearst says that he is almost irritably disposed to contradict Mr. Wilson's statement to the effect that our business men engaged in foreign commerce are ignorant and provincial. Several days ago I called attention to the fact that this was a most uncharitable and unjust criticism of our business men who have fought so nobly to build up our foreign trade.

It has not been the ignorance and provincialism of our business men; it has been the ignorance and provincialism of our men of public affairs, government officials, appointees to consular positions and the like that have kept the brakes on even a greater development of our foreign trade.

There has been practically no co-operation between our governmental machinery and our business machinery, to the end that our foreign commerce be built up to the highest possible figure, while any man who is not indulging in theories, but is talking from practical experience, knows full well that Germany, and England particularly, have always left no stone unturned to assist their

merchants in upbuilding trade. If a man in England or Germany wants to build even a peanut stand anywhere outside his own country he can have almost any help at the disposal of his government up to a battleship.

It has been in the face of such tremendous odds as these that our American merchants have gone out into the farthest corners of the earth and sold our wares, proving, as Mr. Hearst so accurately says, that they are the greatest business men in the world and have made America the greatest business nation in the world.

The trouble with the present Democratic campaign, as the American people are seeing it, is that it is up to date a campaign of criticism, faultfinding and generalities—a campaign that is evidently afraid to say that its soul is its own. It is not holding out a scintilla of hope, nothing of a constructive nature whatever. If the tariff, as the Democrats say, is the issue, let us know specifically what is going to be done about it.

If Dix and Murphy at Syracuse are not fit to be photographed with or spoken to, then they are so unfit as to be openly denounced and driven out of public life as Lorimer was by Roosevelt.

I know of no incident that could bring out in a more striking manner the lack of courage on the part of the Democratic presidential candidate and the prompt, manly courage of the Progressive candidate than the Wilson-Murphy-Dix incident when they met at Syracuse yesterday and the Roosevelt-Lorimer incident from the time Roosevelt opened fire in Illinois to the time Lorimer's seat was declared vacant by the United States Senate.

Curious Result of Adder's Bite
As the result of an adder bite, recently, the back of the hand of a Cardiff (Wales) boy named J. W. Coffy has become marked like an adder. The physician who is attending the case states that the skin and swollen flesh near the bite are like a piece of leather, pigmented exactly the same as an adder, the white streak or ring running round the dark mottled ground.

POLITICAL WATCHTOWER

Dr. I. D. Mills of Santa Ana, the Democratic nominee for assemblyman of this district, today in the Register formally announces his candidacy to the readers of this paper. Dr. Mills has been in this country for twenty-six years, the last twenty-three years in Santa Ana. He came to this country the day after the election forming this county was held, and practiced medicine at El Modena. He was the county's first coroner and public administrator. His friends declare that by reason of his long residence here and association with public affairs of various kinds he is well fitted for the position to which he aspires, and that he knows the needs of this county thoroughly from a legislative point of view. Dr. Mills has friends all over the county. He is planning to make a vigorous campaign.

Politicians are drawing a long breath just at present. The long breath is preparatory to the hard work that will be put in between now and election day. The Republican county central committee, composed of men who favor the election of Roosevelt, are going to make even a harder fight in November than they did on Sept. 3, and that is saying a good deal, for the Roosevelt forces put up a good fight in the county. As to that, the Taft people put up the hardest kind of a fight for their candidates, Chapman and Kutan.

Local Democratic leaders say they are going to put ginger into their campaign. As a kind of starter they have arranged a meeting at Spurgeon's hall next Saturday night. They are going to have a band to dispense music, and two Los Angeles speakers are to be on hand to espouse the cause of Woodrow Wilson. Those speakers will be L. A. Handley, city clerk of Los Angeles, and Miss Mary Foy.

We have had several elections, and the end is not yet. On Nov. 4 comes the election for the good roads bonds. On Nov. 5 comes the general election. Later in the month or in December Santa Ana will vote upon the adoption of the charter now in course of preparation. And if the charter is adopted comes another election next April.

Discreditable Point
It is in every way creditable to handle the yard stick and to measure tape; the only discredit is in having a soul whose range of thought is as short as the stick and as narrow as the tape.—Horace Mann.

Same as a Hen

In a Utica kindergarten school a few days ago the subject before the class was the hen. Among other questions asked by the teacher was: "What does the hen have that we have?" the teacher at the same time placing her hands on her head to indicate the portion of the body referred to. The teacher was much surprised as well as amused when a little girl quickly answered: "A comb!" The teacher had placed one hand on a comb in her hair.

Tuesday, October 1st an expert skirt-maker will be at our store. Skirts made from choice of half a dozen latest styles, at 95c. CROOKSHANK-BEAT-ITY CO.

UP-TO-DATE BEAN CLEANER INSTALLED

One of the busiest places in Santa Ana at this time is the packing house of the C. C. Collins Company near the Santa Fe depot. This firm is employing a large force of men and women, packing apricots in 25-pound boxes for eastern shipment, and has already handled something like 400 tons of dried apricots during the present season, for which the growers have received approximately \$60,000. All their boxes go on the market in eastern cities, labeled with their own brands, the Monarch for choice, and the Victor for extra choice and fancy, and advertise Santa Ana as the place where packed. This is boosting for Santa Ana that counts.

This firm is also doing an extensive mail order business, shipping fruits of different kinds direct to consumers throughout the country.

They also handle beans extensively, both Limas and Black Eyes, and have just installed a modern re-cleaner, with a capacity of from 1500 to 2000 sacks per day. This will be a great accommodation to the growers in this vicinity, who have been compelled to haul their beans to Tustin and elsewhere to have them re-cleaned.

A visit to the Collins packing house will repay anyone for his trouble, and will give him a better idea of the immense quantities of products that are grown in this vicinity, and of how they are prepared for the market.

This is the oldest shipping firm in Santa Ana, having been established in 1890, under the firm name of Smart & Collins, afterwards becoming the C. C. Collins Company, and is composed of C. C. Collins and his son, W. C. Collins, who constitute the company. We call attention to their advertisement elsewhere in this paper.

Peculiar Special Permit
A New York mechanic named Fisher, has been given a special police pass to guard him against arrest as a burglar. Fisher is a night-worker employed by a company which effects repairs in the kitchens of large hotels and restaurants. He receives many emergency calls during the night, and has to take a formidable outfit of tools with him. He has been arrested sixteen times on suspicion of being a fully-equipped burglar, and so much time has been lost by examinations at police stations that he has been granted a permit, with his photograph endorsed.

In the Depths
"Years ago Dobson told me that he wanted to lead a life of obscurity?" "Well, his dream has come true." "How so?" "He is now the husband of a famous woman."—Birmingham Age Herald.

Doings In Social and Club Circles

ENTERTAINED OFFICERS

Noble Grand of Torosa Rebekahs Was Hostess to Sycamore and Torosa Ladies

Mrs. H. H. Allen was hostess yesterday to several Rebekah officials and two or three other guests, entertaining the ladies in the afternoon. Her guests were Mrs. W. G. Milton, noble grand of Sycamore Rebekah lodge, and Mrs. George B. Prather, vice grand of the same lodge; Mrs. Charles Mitchell, vice grand of Torosa Rebekah lodge, of which Mrs. Allen herself is noble grand; District Deputy President Mrs. C. W. Sheets; Grand Warden of the Rebekah General Assembly Mrs. Theo. Lacy; Mrs. R. J. Elliott, aunt of Mrs. Allen; Mrs. A. C. Curtis, Mrs. Allen's mother, and Miss Myrtle Wilson.

The ladies had their fancy work with them and they spent a pleasant hour or two in chatting over their sewing. Before their departure, Mrs. Allen served delicious ice cream and cake, the refreshments as well as the house decorations being in pink and green, Torosa colors. Boutonnieres of Cecil Bruner roses and fern sprays were found at the place of each guest.

Thimble Club Met

The West End Thimble Club met yesterday afternoon at the home of Mrs. George Slocum on Hannah street. The ladies spent the afternoon in sewing and fancy work, the sewing hours being enlivened by conversation.

A reading by Miss Gertrude Ellsworth and later refreshments, cake, punch and home-made candy were served.

Philathea Girls

The Philathea girls of the First Presbyterian church held a business meeting Tuesday evening and the following officers were installed: President—Leta Wells. Vice President—Florence Doig. Secretary—Virgil Potts. Treasurer—Lettie Preston. Reporter—Adeline Hill. Assistant Secretary—Nada Woodward.

Chairmen were elected as follows: Social Committee, Zelma Sturgeon; Missionary, Jeffe Files; Lookout, Eva Osborn; Sick and Absent, Irena Stafford; Secret Service, Lila Ritter; Notification, Nettie Ninger.

The Baraca boys held a meeting at the same time and afterwards served the girls delicious ice cream and cake in the church dining room.

Farmers' Club To Meet

The Santa Ana Farmers' Club will hold its first meeting after the summer vacation Saturday evening at the residence of Mrs. Marcella Bonney, 1905 Bush street. Old members and others are cordially invited to be present.

Pupils may bring a guest, and those desiring to study are welcome.
Phones: Home 179; Sunset, Red 3131.

WELCOMED ATHLETE

Home Folks Gave Heartfelt Greeting to Fred Kelly Last Night at El Modena

Neighbors, relatives and the boyhood friends of Fred Kelly with a few of the newer friends of the family, were bidden to meet last evening at the Kelly home at El Modena, where Mr. and Mrs. J. C. Kelly, the parents of the young man who has just returned with athletic honors thick upon him, were hosts. It was a happy event. The boys of El Modena and Orange who chummed with Fred during the years of his residence at El Modena, were probably among the proudest of his success in the company of thirty-five or more friends who met him last night. Of course nobody's hearts beat with such fond pride as those of his parents and his relatives among whom are his grandmother, Mrs. Sarah King and his aunt, Mrs. Howard Wassum, both of Santa Ana, and who were present last night.

Piano music was rendered during the evening by Miss White, Miss Grace Lentz and Mrs. Wassum, and various amusements in the way of games were enjoyed.

It was a real welcome by "home folks" and many heartfelt words of congratulation were said. A feature of the evening was a brief review by Owen Murray, an old friend of the athlete, of Kelly's life as a boy in El Modena, his athletic career in grammar and high school and in the University of California, capped by his brilliant achievements at Stockholm. This was particularly interesting to the more recent newcomers in the neighborhood, but was enjoyed as well by those more familiar with the story. Following this recital of a clean athletic career already crowned with world honors and a short reply by the young man, the company presented Mr. Kelly with a pair of solid gold signet cuff links commemorative of his Stockholm achievements. The party then adjourned to a brilliantly lighted space under an immense pepper tree in the yard where tables were set. Swaying Japanese lanterns and the soft light of the moon gave a fairy-like radiance to the scene, and it is safe to say that Fred Kelly had more real delight in the modest repast that was enjoyed under that old pepper tree at the base of the foothills that sentinel the village of El Modena, than when he with other athletes, Olympic contestants, were the guests of Sweden's king, for around him were tried friends and the "old folks at home." And to such a manly fellow as the Olympian is said to be, "true hearts are more than coronets."

Next Monday Mr. Kelly will be honored by his university and the people of Los Angeles, when he will be the central figure in an automobile parade through the principal streets of the Angel City, and when he will be presented with the Kelly scholarship and a loving cup both of which were provided by the people of Los Angeles to show their appreciation of the honor he achieved for his university and the city that made it possible for him to participate in the Olympic Games.

Wedded In Japan

A cablegram from Yokohama, Japan, to Mrs. Ada C. Brown, announces the safe arrival and marriage of her daughter, Mabel, to Mr. Dana W. Leake on the 25th of this month.

The friends of the bride will receive this news with interest. All who knew Mabel Brown recognized and admired her splendid qualities and fine character, and will wish for her and the man of her choice a most happy future. Graduated from the Santa Ana High School, Mrs. Leake passed successfully through Pomona College, later taking her teaching degree at Berkeley. Last year was spent at Huntington Beach where she taught in the city schools, giving the best of satisfaction. It was while at Pomona that Mr. and Mrs. Leake met and formed the attachment that later developed into an engagement just ended in marriage.

Mrs. Leake is a niece of Mrs. Z. B. West of this city.

NOTICE TO WALNUT GROWERS

The Santa Ana Valley Walnut Growers' Association will receive members until Friday, Oct. 4th, at which time the books will be closed.

All growers desiring to join the Association can do so by applying at the packing house of the Association until that time. The packing house will be open to receive walnuts on Monday, Oct. 7th.

DEPLORES USELESS CUSTOM
Protestant and Catholic Pastors Alike Would Abolish Costly Flowers at Funerals

SAN FRANCISCO, Sept. 27.—Rev. Nat. Friend of the Howard Presbyterian church today deplored the use of costly flowers at funerals, and a similar agitation is going on in eastern cities. Rev. Walter Shanley of St. Peter's Catholic church at Danbury, Conn., has prohibited the use of costly flowers, saying that "many people are plunging into unnecessary debt by this custom."

—Dr. C. H. Brooks has moved his office over the Reinhaus Department Store, corner of Bush and Fourth Sts., opposite Opera House—Rooms 1-3-5.

Goodbye to Bothersome Drawstrings

THE drawstrings of the old style blouse were always coming undone. The ends were always dangling outside. They had to be tied and untied every time you put the blouse on or took it off.

The famous K&E LOOP Blouse does away with the old nuisance of the drawstring. With this LOOP the drawstring can be fastened securely when first put on, and does not need to be again adjusted until the blouse comes from the laundry. The blouse can be buttoned and unbuttoned, put on and taken off, without touching the drawstring. This helps every boy to dress and undress himself more quickly and keep himself neat in appearance.

The K&E Blouse, with its patent LOOP, has no loose ends to dangle outside. The mothers will appreciate the K&E LOOP Blouse for other reasons: the good materials, the reinforced shoulders, the hand-turned collars and cuffs, the fine, careful stitching.

Come and see these handsome blouses and bring the boy along.

We have a full assortment of sizes, patterns and styles.

Every K&E LOOP Blouse is put up in a separate Parchment Envelope.

ASK DAMAGES
OF \$10,000

Suit is Brought Against Sugar
Factory as Result of Acci-
dent August 18

Artesia Civic Bodies Ask For
Hearing Before the Board
of Supervisors

Suit for \$10,000 damages has been
brought by John L. Trembley, aged
17, through his guardian, Mrs. May
A. Trembley, his mother, against the
Southern California Sugar Co. The
complaint was filed by Attorneys
Williams & Rutan.

The complaint states that Trembley
was hurt at 5 o'clock on the morning
of Aug. 18. He had been working for
the factory three days. On the evening
of Aug. 17 he was put to work
cutting beet leaves. While removing
a beet Trembley's left hand was

crushed and all but two fingers had
to be amputated.

The complaint alleges that Trem-
bley was inexperienced, and was put
to work on the pulp cutter without
warning or instructions as to the
dangerous character of the work, that
he was allowed to work long hours
and that the responsibility for the
accident lies with the sugar com-
pany. On these allegations the suit
is brought.

Ask for Hearing

A letter has been received by the
Board of Supervisors from H. C.
Lewis, secretary of the Citizens' As-
sociation of Artesia, asking for a
hearing before the board when all
members are present. The letter
states that committees of the associa-
tion and other civic bodies will be
present. It is not stated what the
purpose of the intended visit will be,
but it is thought to be in opposition
to the plan of annexation recently
brought up by a petition of Artesia
and Norwalk citizens.

Sales Are Affirmed

In the superior court today Judge
West affirmed two sales in the Dan-
iel H. Thomas estate. One sale is
of sixty-nine shares of Associated
Oil stock to J. J. Doran & Co. at
\$55.52 per share, and the other is a
sale of fifty shares of Associated Oil
stock to Miss Shirley Thomas for
\$44.50 per share.

Action for Divorce

Suit for divorce was begun today
by Lillian S. Hunton against Price
Linton. Scarborough & Forgy are
attorneys for the plaintiff.

Property Will be

Today the last will of Lewis S.
Dezendorf, formerly of Redlands, at
the time of his death on Aug. 5 a
resident of Garden Grove, was filed
for probate. H. H. Ford of Redlands
petitioned for letters. The will leaves
the entire estate, valued at \$10,000,
to Glenn E. Huntington of 425 North
Hill street, Los Angeles. Dezendorf
left no heirs. The will was written
at Redlands on April 4, 1908.

Sent to Asylum

Charles T. Campbell, violently in-
sane, of Orange was today examined
in the superior court and sent to the
asylum at Patton. He was taken to
the asylum by Constable Heard in an
automobile. Campbell is about 70
years old.

Marriage License

Julius Bressel, 26, and Emilio Bres-
sel, 19, both of Stanton.

PRODUCES HEADACHES

Official Surgeon Says Sleeping Near
High Explosives Will Produce
Headache

CHICAGO, Sept. 27.—Dr. V. H. Hall-
man of Hot Springs, Ark., speaking at
a meeting of the American Association
of Official Surgeons yesterday, de-
clared that a person sleeping near a
bag of dynamite or other high ex-
plosives would get a splitting headache.
"I don't know that I can explain the
fact exactly," said Dr. Hallman, "but
such explosives have some powerful
influence."

FRENCH WOMEN LIVE LONG

Span of Life Third More Than Men's
Say Statistics of Men's In-
surance Companies

PARIS, Sept. 27.—The statistics of
French insurance companies prove be-
yond question that women live long-
er than men and the feminine ad-
vantage in longevity is not a matter
of a few months, or even years. Thus,
the average age of death for women
annuitants on the books of one com-
pany is 70 years and for men a bare
50.

Another company has several cen-
tenarians, all women, on its books.
Asked to assign reasons for the
greater longevity of women, a dis-
tinguished doctor attributed the fact
to the difference in the lives led by
the two sexes. "Men live much
harder," he said. "They smoke too
much, they drink too much, they
even, although rarely, work too
much."

"Women are much wiser. They
think of the future. Thus at 40 a
woman is in the plenitude of her
physical powers, while a man at the
same age has probably contracted or-
ganic weaknesses which menace his
life."

Uncle Ezra Says

"It don't take more'n a gill uv effort
to git folks into a peck of trouble" and
a little neglect of constipation, bilious-
ness, indigestion or other liver de-
rangement will do the same. If ailing,
take Dr. King's New Life Pills for
quick results. Easy, safe, sure, and
only 25 cents at all druggists.

GRUBB OUTLINES
POSITION ON
LICENSE

Gives Views Concerning Pool-
room Controversy, Which
Comes up Monday

City Trustee W. L. Grubb has sent
to the Register, which is printed here-
with, a communication concerning the
pool-room controversy. The matter is
set for hearing before the City Trust-
ees next Monday evening, on the pe-
tition of 200 women that the license
issued to Harry Jones be revoked. A
large number of women will be present
Monday evening to be present in
person and by their presence protest
against allowing the pool-room to
open.

City Trustee Grubb's communica-
tion follows:

To the Women of Santa Ana:—It
has been recently made manifest to
me that in the matter of the license
for the Jones poolroom and bowling
alley, the women of this city have not
been fully informed upon all sides of
the question. While I have for some
time been aware that there was a
strong sentiment prevalent among a
small number of the intelligent women
of this city against the opening up of
a poolroom and bowling alley for the
entertainment of both sexes, I had no
idea of the extent of this sentiment,
nor of the misconceptions (or so they
appear to me) that have caused this
agitation. Now, I desire to lay before
you the main facts of this case as they
impress me.

First, Jones comes into Santa Ana,
financed by the Balk-Brunswick-Col-
ender Billiard and Pool Table manu-
facturers, and applies to the city
clerk for a license to run a poolroom
and bowling alley. The clerk, who
at that time was empowered to grant
such licenses, informed him, as was
customary, that the license would be
furnished him. Jones or his backers
then bought the lease on the Congdon
Bros. Garage building for \$900, in
which to establish their business.

This \$900 was not paid to the city as
a "bonus" as some think, but paid to
the Congdon Bros., who held the lease
on the building they wished to use,
this lease running for a term of years.
At about this period in the proceed-
ings, the clerk was instructed to with-
hold the issuing of the license pend-
ing the consideration of the Board on
the matter. In the meantime, the
license ordinance was amended, vest-
ing the sole authority to grant li-
censes, in the Board of City Trustees.
After this was done, and after much
deliberation and discussion, and an ex-
hibition of a blue print showing in-
terior and arrangement of rooms, and
the expressed willingness of Jones to
change these arrangements in any
way to meet the views of the Board,
the license was issued; three mem-
bers voting yes, one no, because he
desired more time to make further
investigation into the personal char-
acter of Jones, and the fifth member
no, unqualifiedly.

The next action was a motion to
annul the license, on a petition signed
by some 200 ladies. In order to meet
the wishes of these ladies, and to
accord justice to all concerned,
Jones was cited to appear, together
with two pool-room operators accus-
ed of permitting gambling in their
rooms, to show cause why their li-
censes should not be revoked.

This is the history of the present
status of the case, according to the
best of my knowledge and memory.
Now, the charge has been made
that this Jones' place was to be run
as a road-house; a place where dis-
reputable women might meet degene-
rate men. I wish to state emphat-
ically, that if this charge or any sim-
ilar one can be substantiated, it will
effectually dispose of the whole mat-
ter, so far as I am concerned. If
any persons possess such evidence,
they can have this license revoked at
once; and I personally urge and in-
vite them to produce it.

This charge, however, seems un-
founded to me. It is not reasonable
to conclude that a man would spend
\$10,000 to \$12,000 to install this place,
and then attempt to run a disorderly
resort, when he must know that at
the first violation of the ordinance
governing places of this sort, his li-
cense would be revoked, and his
money wasted.

The question as to the establish-
ment of a pool and bowling alley in
Santa Ana, inviting the patronage of
both sexes, seems to be the only rea-
sonable objection to the granting of
this license. While there seems to be
no law to exclude women from
places of this sort, the proprietors of
this proposed establishment have
agreed to eliminate that feature of
their business, thus removing the
only objection that I know of in con-
nection with this case.

My position has been, and is not
changed, that if poolrooms are a pub-
lic nuisance, they ought to be abol-
ished entirely. If they are to be per-
mitted or tolerated at all, every one de-
siring to engage in the business
should be treated with the same
courtesy and consideration.

Our ordinance does not limit the
number of poolrooms; the demand of
the trade regulates that, as it does
other business concerns. For any
one to say "We have poolrooms
enough," is assuming undue author-
ity. Only a majority of the people
has this right.

It is true, Jones has been accus-
ed of intending to run his place as a
road-house, or something worse. Also,
two poolroom owners are charged with
permitting gambling in their rooms
or places; but so far, these charges
have not been substantiated by any-
thing except assertions. I assure you
that if these charges are backed by
evidence, prompt action will be taken
to revoke their right to do business
in Santa Ana.

Surely, no fair-minded woman
would urge that any man be condemn-
ed without at least a hearing; and I,
for one, would not deny that right to
any human being. Nor could I con-

scientiously vote to revoke any man's
license without valid reason for such
action.

While I am willing at all times to
listen to the opinions and arguments
of any of our citizens, on any ques-
tion of public interest, I would be
more than willing to meet with any
committee authorized by any or all
of the various women's organizations
to consider this, or any question, in
which you are interested. I have
watched your organizations grow and
develop, and am glad to commend
the work you are doing; and, while
I personally have the highest esteem
for the membership of the many
women's associations, as well as a
respectful desire to conform as near-
ly as may be to the convictions and
wishes of the women voters of this
city, yet, in order to retain my re-
spect for my own manhood, I must
reserve myself, as the representa-
tive of ALL the citizens, the right to
cast my vote as my conscience and
reason determine, unless a petition
is presented signed by a majority of
the voters of the city. Then I must
in duty bow to the will of the people,
whom I seek to represent.

W. L. GRUBB.

ARREST BELIEVED
IMPORTANT IN BAND
ROBBERY IS MADE

ST. LOUIS, Sept. 27.—Suspected of
complicity in the famous robbery of
the Bank of Montreal at New West-
minster, Walter Stacey is under arrest
today. The police admit finding a suit-
case full of money in Stacey's room,
refusing to divulge the amount of the
find.

Stacey has been identified by the
Bertillon system as one of the men
who escaped from the police in Chi-
cago and fits the description of a
yeggman named West who is wanted
for many bank robberies.

MORGAN TO TESTIFY THE
DAY BEFORE ROOSEVELT

WASHINGTON, Sept. 27.—The sen-
ate campaign contributions committee
has refused to allow J. Pierpont Mor-
gan to appear Friday instead of Mon-
day next, as Col. Roosevelt is sched-
uled to testify then. The financier
will be given Thursday and it is ex-
pected he will produce evidence as to
how much the trusts contributed to
three Democratic and Republican cam-
paigns.

FOUND MASTODON SKELETON

Monster Frame Unearthed Near Mala-
hide, Ont.—14-inch Tooth
Weights 4 Pounds

AYLER, Ont., Sept. 27.—The skele-
ton of a mastodon has been found by
Leaman Hawley, near Malahide, Ont.
The bones have not all been dug out
yet. The ribs measure five feet in
length. The vertebrae joints are as big
as a small sized frying pan. The up-
right bones from the vertebrae joints
measure from eight inches to sixteen
inches in length. One tooth has been
excavated which weighed four pounds
and is fourteen inches around. The
skeleton was found on the banks of
a ravine.

HILLES RETRACTS HIS
CAMPAIGN STATEMENT

PHILADELPHIA, Sept. 27.—Chair-
man Charles D. Hilles of the Republi-
can national committee Wednesday
qualified his assertion about the use
of Harvester trust money in the
Roosevelt campaign.

He carefully explained that he had
no evidence and did not wish to state
that the Harvester trust as a cor-
poration ever spent any money at all
in Theodore Roosevelt's campaign.
Hilles said this after having been
notified he will be asked to testify in
Washington.

BAKING POWDER KING DE-
FEATS WIFE'S DIVORCE SUIT

LOS ANGELES, Sept. 27.—Judge
Bordwell found in favor of Robert B.
Davis, the baking powder king, this
afternoon in his wife's suit for sepa-
rate maintenance and \$5000 monthly al-
imony. The case began in New York
eight years ago.

What We Never Forget

According to science, are the things
associated with our early home life,
such as Bucklen's Arnica Salve, that
mother or grandmother used to cure
our burns, boils, scalds, sores, skin
eruptions, cuts, sprains or bruises.
Forty years of cures prove its merit.
Unrivaled for piles, corns or cold-
sores. Only 25 cents at all druggists.

Washing Silver

How many know that to let silver
stand in sour milk a half hour, then
wash in good soapy water will make
it look as bright as to polish it with
silver paste?

When lace curtains are ready to be
washed, baste a narrow strip of mus-
lin along each outer edge and let re-
main until ironed (or drying process is
completed), and you will find your
curtains are straight and do not sag
as usual.

A tablespoonful of vinegar put into
the water in which meats or fowls are
boiled makes them tender.

Mother Was Puzzled

A man who has an office downtown
called his wife by telephone the other
morning, and during the conversation
asked what the baby was doing.
"She is crying her eyes out," re-
plied the mother.

"What about?"

"I don't know whether it is because
she has eaten too many strawberries
or because she wants more," replied
the discouraged mother.—Indianapolis
News.

Value of Manual Training

It is nothing but the delicacy of
his sense of touch that gives to man
his marvelous skill with his fingers,
so that he can make all manner of
tools and instruments, nothing being
too fine for him to handle. This is
one argument in favor of manual
training, which teaches children how
to use their hands and enables them
to acquire so much useful knowledge
through their fingers.—New York
Sun.

Sebastian's
FALL SHOES

Announcement

Unrivaled Shoe Values.
Unrivaled Assortments.

Our shelves are brimful of men's, women's and Children's stylish fall models, all
the latest metropolitan ideas in classy footwear. We show a wide and complete
selection of all styles. We want every man, woman and child to know that no
matter how fastidious they are about the quality, style or fit of their shoes, they
can always be suited at Sebastian's.

LOWEST PRICES ON SHOES OF BEST QUALITY

MISSES' AND GIRLS' SHOES
GIRLS' SCHOOL SHOES, sizes 12½ to 2, gunmetal,
vici or tan, stylish and dependable shoe,
per pair only \$2.00

NEW SOCIETY
IS INSTALLED

Santa Ana has a brand new frat-
ernal organization. It is the Ancient and
Mystic Aryans, instituted here last
night at Moose Hall. The order pays
sick and death benefits. Fifty applica-
tions were received last night. Su-
preme officers from Los Angeles in-
stalled the society.

The officers chosen last night are:
Prince of the East—Harry Baade.
Prince of the West—W. Bridwell.
Prince of the South—Roy Vincent.
Keeper of Book of Life—O. C. Ov-
erman.
Secretary—W. G. Gould.
Treasurer—E. N. Beckham.
Captain of Guard—H. W. Harris.
Sentinel—P. W. Bauns.
Outer Guard—M. Learning.
Trustees—J. J. Jacobs, W. Titch-
enel, Sam Jernigan.

OPERA SINGER WEDS

Bessie Abbott and T. Waldo Story
Marry in Europe—Just Now
Reveal Romance

NEW YORK, Sept. 27.—That Bes-
sie Abbott, the American opera sing-
er, has for several weeks been the
bride of T. Waldo Story, the sculptor
and brother of Julian Story, the paint-
er and former husband of Emma
Lames, first first became known out-
side of a circle of their most inti-
mate friends today. The marriage
took place in Europe, just when and
where is not yet known. Mr. Story
at present is in New York with his
wife, who is appearing in "Robin
Hood," at the Knickerbocker.

Have Ever Some Occupation

"But women—be they of what earth-
ly rank they may, however gifted with
intellect or genius, or endowed with
awful beauty—have always some lit-
tle handiwork ready to fill the tiny
gap of every vacant moment."—Haw-
thorne, in "The Marble Faun."

SANTA ANA, CALIFORNIA, FRIDAY EVENING, SEPTEMBER 27, 1912.

LIVE NEWS GATHERED FROM NEARBY TOWNS

INTERESTED IN
THE DEBATES

Huntington Beach High School
Finds Much Benefit From
Forensics to Pupils

Huntington Beach News: The growing interest in debating and other forensic work at the Huntington Beach high school is a matter which is coming to be partially understood by the patrons of the school. The school has always been noted for its school spirit and has contended for honors for several years. Three years ago the school was represented in the contests of the Southern California Debating League but failed to win its contests, standing at the bottom of the ladder in the percentage column. Two years ago, in the same league, only one of three contests was won but the score showed much more favorably, for the school stood within the list with five schools farther down the percentage column. Last year still further advance was made. Under the new system of simultaneous debates, several strong teams were put in the field and although the school was much disappointed at the loss of the Long Beach debate the final score showed Huntington Beach among the five leaders. The vigorous manner in which the students are taking up the work this year gives promise of still further victories. However, it should be remembered that winning contests is not the only aim in debate. Above all things else the spirit of fair play is held uppermost, and next to that the spirit of courtesy to visiting contestants and rooters. In these respects it may fairly be said that Huntington Beach stands at the very head of the list.

A fire alarm turned in by Mrs. H. L. Heffner Monday morning created no little excitement on the streets here for a few minutes, and the fire company made a record run to the residence of Harry Probert, corner of Ocean avenue and Tenth street, where the fire had been reported. Upon reaching the spot it was discovered that it was a false alarm and was only the flames of a gasoline stove which had been burning quite high. Mrs. Heffner seeing the flames through the window supposed a fire had started. Great credit is due the

acting chief of the fire department, C. F. Sorenson, and the members of the department for excellent services.

Miss Hallie Walker, reporter for the News, is suffering from a badly dislocated elbow, the injury being caused by a runaway. Miss Hallie, together with a crowd of jolly young people from here, was on her way to Santa Ana Friday evening in order to attend the circus, and at Bolina one of the horses became frightened and started to run. Miss Walker was thrown from the rig and while the injury she received is not considered of a serious nature, it is quite painful. It will be several weeks before she regains the use of her arm. The trip was continued to Santa Ana, where the arm was dressed by a physician there and it is at present healing as rapidly as possible.

BET PULP DRYER
DAMAGED BY FIRE

Anaheim Gazette: The pulp dryer at the Anaheim sugar factory was burned out several days ago, entailing a loss of several thousand dollars. Repairs were immediately made and the dryer is now in working condition again. In consequence of the accident which was due to the melting of bricks by the excessive heat, a quantity of pulp was precipitated from the mill.

The factory has had some trouble with its waste water, which accounts for odors arising therefrom. President Peck is on the grounds and is doing all in his power to remedy the defect, and states he will soon have all discharges scientifically taken care of to the end that no disagreeable odors may arise.

While some objectionable odor has been apparent in some quarters, the consensus of opinion in town is not to harshly criticize the management but to give them time in which to remedy the defect. This Mr. Peck states will be done at the earliest possible moment.

HURT USING DYNAMITE

Anaheim Gazette: E. Horchert, of West Anaheim, narrowly escaped accidental death on Friday afternoon. He had prepared a barbecue for several former college chums and while using dynamite to break a stump for fuel was struck so violently by a flying piece of timber that for a few minutes it was thought he was dead. Since the accident he has been under the care of physicians and hopes of his ultimate recovery are entertained. His collar bone was broken and internal organs badly injured.

RICH HARVEST
COMMENCED

J. B. Neff Says Quality of Wal-
nuts This Year is of the
Very Best

Anaheim Gazette: This week sees the beginning of the walnut harvest, which promises to be one of the most profitable in recent history of that industry. The total value of the crop in Southern California will go over \$3,000,000. Orange county growers will produce upward of a million dollars worth of walnuts and plantations in and about this city, Orange, Fullerton, Placentia and La Habra will total more than half this latter figure. The crop is lighter than last year, but quality is equal to that of last season, which was the best in many years. Prices have not yet been set, but the association will probably agree upon figures early in October. It is believed prices will range up to those of last year, which were 14 cents for first-class softshells, and in some sections, it is held, the rate may be a shade higher. Growers have discarded the old method of fixing prices and will this year proceed in like manner to the citrus growers' exchange. In former years prices agreed upon between growers and brokers were subjected to a cut if market conditions failed, while on the other hand, if markets strengthened, brokers received the advance. Last year after the brokers agreed to take the entire association's crop, markets weakened and they asked low rates. When this was refused them by the growers, a large part of the crop went into warehouses. Thousands of tons were thus held in storage until recently. Last week the Anaheim association sold 100 tons at 13 cents, cleaning up last season's output. Money from this sale coming here aggregates \$26,000. The number of nuts held in warehouses since the slump in price last winter, was a large portion of the total output and more than a million dollars were thus tied up. These nuts are now moving out freely, and will probably be entirely disposed of before the new crop is ready for sale. "Purchasers of nuts this year will receive more for their money than in any former season," said J. B. Neff, who began harvesting operations in his large orchard southwest of town on Monday. "Shells are thinner than I ever saw them before, while meats are fully up to the high standard scored last year. Quality of last season's output was the best in many years, but this year's crop is so far as I can learn, fully up to that standard. The crop is shorter than last year, and I think that satisfactory prices will be received. We have discarded antiquated methods of disposing of our crop, and will henceforth market along plans so successfully in use by the citrus growers. I look for better results all around and I believe conditions East are such as to warrant the hope that the entire crop will be moved before Christmas."

Supplies and furniture are arriving daily and the problem now is to find a place for storage until the buildings are done. A consignment of \$1000 worth of supplies for the chemistry courses arrived Monday. Desks, one hundred in number, for the study hall, are here. Each desk is 42 by 36 inches, has a swivel revolving chair, adjustable to desired height for the pupils. Funds are insufficient. Though it may cause some surprise, it is not unexpected that the bond issue voted will be insufficient to meet the entire cost of constructing and completing the new high school plant. The ground or tract cost \$10,000 more than was figured originally when the Krug tract was contemplated. The cost of foundations in excess of the specifications for depth amounts to something like \$3000 or \$4000. To get below the sand in the auditorium a depth of 14 feet was necessary. The cost of sinking the well and installing pumping plant will be about \$10,000. The district will also have to build cement sidewalks on three sides of the high school tract, as the city has ordered in sidewalks. No estimate of the amount of money that will be required to discharge the debt on this undertaking has been made but it has been variously estimated at \$35,000 to \$50,000. Built on Small Profit. Notwithstanding the plant is being built on a close margin by the contractor, who bid low. Since taking the contract material and labor have advanced over what Mr. Congdon figured. Were the contract to be let today it would cost the district many thousands of dollars more. The trustees will consider the matter of securing more money at a meeting some time this week of next. It will result in calling a bond election, as that would probably be more satisfactory to the taxpayers than levying a direct tax. Teachers' Meeting. The teachers will meet in Prof. Brunton's office Saturday afternoon at 1:30 and discuss plans for the year's work. C. R. Ficken, assistant manual training teacher and athletic instructor, of Iowa, Miss Gloria Carr of St. Louis, and Miss Laura Woods of Whittier, new members of the faculty, have arrived here. Patrons and pupils may call at Prof. Brunton's office any week day, except Saturday afternoon. They are advised to phone the principal for an appointment, as he is a very busy man.

10,000 BARRELS
MONTH'S ROYALTY

ANAHEIM, Sept. 25.—A regular meeting of the board of directors of the Anaheim Union Water Co. was held Sept. 21.

Report of the Amalgamated company for the month of August was received and filed:

	Barrels
Oil on hand, July 31, 1912...	11,301.52
Oil produced during Aug...	32,255.63
	93,557.15

	Barrels
Oil shipped during August...	77,381.70
Royalty oil delivered...	10,077.79
Oil on hand, August 31...	6,097.66
	93,557.15

An agreement in duplicate was received from the Frank J. Kimball company by the terms of which they proposed to test the two wells on the Comber tract with compressed air. A slight change was made in the agreement and the president and secretary were authorized to sign the agreement as changed. A communication was received from the Reinforced Concrete Pipe Company, requesting a check in payment of the balance due on the pipe line. The secretary was instructed to inform the Reinforced Concrete Company that they would receive a check in full as soon as a satisfactory test was made. A communication was received from 'Arver Montgomery in which he complained that he did not receive the amount of water which had been charged to him. This was referred to the measuring committee.

Director Bradford presented a copy of the specifications for the house which the company is building for Mr. Murphy at the oil lease. As some of the specifications were not very definite, they were referred to the oil committee with power to act.

The Greatest Auto For the Money
HUPMOBILE MOTOR CARS

32 Horse Power LONG STROKE MOTOR, TOURING CARS AND ROADSTERS **\$1050**

EQUIPMENT: MOHAIR TOP WITH TOP COVER, PRESTOLITE, ONE-PIECE ADJUSTABLE WINDSHIELD, SPEEDOMETER, SHOCK ABSORBER, BLACK ENAMELED GAS HEADLIGHTS AND OIL LAMPS.

DIMENSIONS: THE WHEEL BASE IS 106 INCHES. THE TIRES ARE 32x3 1/2 IN. FRONT AXLE, 11 INCHES; UNDER MOTOR, 11 1/2 INCHES; UNDER CENTER OF REAR AXLE, 9 1/2.

GENERAL SPECIFICATIONS.

MOTOR—The bore is 3 1/4 inches; stroke, 5 1/2 inches. Cylinders are cast en bloc of the best grade of iron. The valves are all on one side.

IGNITION IS BY HIGH TENSION BOSCH MAGNETO, WITH SPARK ADVANCE LOCATED UNDER THE DASH. All its working parts are accessible from the seat.

COOLING IS BY THE THERMO-SYPHON SYSTEM. The radiator is large, of the cellular type, mounted so as to avoid leaks.

TRANSMISSION—Three speeds forward and one reverse are obtained by the sliding, selective system, operated by a single hand lever, with heavy interlock. The sliding gear shaft is 1 1/2 inches in diameter with four integral keys.

FRAME—The frame is of pressed steel and unusually sturdy for a car of this size. It is so designed as to harmonize with the body lines.

BODY—The touring body is of sheet steel, has extra deep upholstery. The roadster body has an enclosed turtle back, with storage space for trunk, tires and accessories.

BRAKES—The brakes are 2 inches by 12 inches, faced with asbestos fabric. The service brake is contracting and readily adjustable. The emergency brake is expanding, hand-operated from a central lever.

SPRINGS—The front springs are 1 3/4 inches by 34 inches, semi-elliptic, with bronze bushed eyes. A patented cross spring is used at the rear, 2 inches by 46 inches, hung in ball shackles.

REAR AXLE—The rear axle is our own exclusive design of the full floating type. Connection between the transmission and the rear axle is made by an enclosed shaft with a single universal joint. The wheel spindles are 1 1/2 inches in diameter, drop-forged from the best acid open-hearth steel.

CONTROL—The steering is by a worm and nut gear. The steering connections are of liberal size, and have large, carefully fitted, well-lubricated bearings. The gear-shift lever and emergency brake lever are in the center of the car, at the left of the driver.

CLUTCH—The clutch is of the multiple disc type. The discs, 13 inches in diameter, are of tempered and ground high carbon saw-steel, running in a bath of oil. In design and size the clutch resembles those used on 50 and 60 horse power cars. The spring tension is readily adjustable. A clutch brake is provided to make gear shifting easy. The clutch is of such ample size that the car may be started on high gear without noise or jerk.

FLOOR—The floor is sheet steel, stamped in one piece. It is put in when the frame is assembled, and is fastened by rivets so that it forms an integral part of the frame.

CAR HUNG LOW—The body construction enables us to produce what is probably the lowest car yet built, having sufficient road clearance.

Great pulling power at all speeds for mountain work and heavy roads, smooth, easy acceleration, absence of noise and vibration, economy of fuel and oil, are among the principal features of this design. Being a low hung car it holds the road better and rides more easily because it has less side sway.

We Have These Cars for Immediate Delivery

Harper Motor Car Co.

Next Door South of City Hall.

Santa Ana, Cal.

Increased Attendance
Expected at Fullerton

Fullerton Tribune: Fullerton Union High School will open Monday of next week with fourteen teachers, and an enrollment of over two hundred pupils, according to the announcement of Principal Delbert Brunton. The enrollment may reach two hundred and ten or fifteen pupils before the school year has progressed very far. Last year the high school had an attendance of 155 pupils. The increase this year will amount to about 30 per cent, an excellent showing. At this rate the high school will double its attendance in about three years. The reputation of the school has spread abroad in the state and Mr. Brunton's standing as an educator is unquestionably high. Mr. Brunton's personal work during the summer in making canvasses of the district is another factor in increasing the attendance.

Progress of Building. The school will open this year in its group of new buildings, which are, however, far from complete. Sufficient progress has been made to make possible the use at the opening of the polytechnic, two science buildings, the commercial, the English and the language buildings and the two bungalows. These buildings will be incomplete but the finishing work can be done as the hardware arrives.

The roof is going on the assembly hall. This building will be used temporarily for the assembly, Monday. It will be two months before it is ready for permanent use, for study hall. Meanwhile the bungalows will answer for this purpose. The walls of the auditorium are about up and the walls of the gymnasium are in course of construction. The contract calls for completion January 1, but it will probably be the first of February before the buildings are done. The polytechnic is being repaired. The upper story has been retouched and retinted on the interior and the exterior plastering is being started this week.

Erecting a School Garage. Work of building a school garage, 60 by 50 feet, of brick, one story in height, is being started. In this will be stored the four automobiles, which will transport pupils to and from the school. A fifth bus will be needed in another year.

The old chemistry room on the polytechnic is being remodeled and will be used for iron working, and contain forges, shapers and lathes, for instruction of the pupils in the trade.

ELEVATED WALKS
FOR ANGEL CITY

Los Angeles Architect Offers
Plan For Relief of Traffic
Congestion

Los Angeles Examiner: Drawings, showing a novel scheme to relieve traffic congestion in the business section of the city, were completed yesterday by A. L. Haley, a local architect.

The plan calls for an elevated sidewalk twenty feet or so above the present sidewalk and on a level with the mezzanine and second floors of the large buildings. At the crossings arched bridges have been planned, the idea being to make it possible for pedestrians to be upon the streets without molestation from traffic.

Councilman John Topham, of the boulevard committee, to whom Haley showed his plans, declared that the idea was feasible, and suggested that Haley present the matter to the committee at a regular hearing. He said that he wished to go further into the subject. Haley stated that if the plan was endorsed by the committee he would be willing to present it to the city.

MONEY BACK
CATARRH REMEDY

Dosing the stomach won't kill Catarrh germs. Neither will sprays, douches, snuffs or ointments. The quickest way to kill germs is to breathe deep into the lungs the vaporized air of Booth's HYOMEI. As this antiseptic air passes over the sore spots infested with Catarrh germs, it not only destroys them, but heals the inflamed membrane and stops the discharge of mucus. Then hawking, spitting, sneezing, crusts in nose and foul breath will disappear, and vile, disgusting Catarrh will be conquered.

A complete HYOMEI outfit, which includes a hand rubber inhaler, only costs \$1.00. Extra bottles, if afterwards needed, 50c; and Rowley Drug Co. is authorized to refund your money if dissatisfied.

Tuesday, October 1st an expert skirt-maker will be at our store. Skirts made from choice of half a dozen late styles, at 95c. CROOKSHANK-BEATTY CO.

Santa Ana Painless Dentists, 108 1/2 East Fourth St. Main 255.

Skirt Making

ABSOLUTE ACCURACY

When we sell you a fire insurance policy, you can depend upon its being "right" in every detail. Every policy we issue is checked—the name of assured, the dates, the amounts, the premiums, the description of property and the form must be absolutely correct before a policy can leave our office.

And you don't pay a cent more for this absolutely accurate policy than the inexperienced agent charges for his slipshod contract, scrawled off with the stub of a lead pencil.

BE PARTICULAR—INSURE WITH

PACIFIC ELECTRIC RAILWAY

ENROLLMENT SHOWS GROWTH

Indications Are That Both High Schools Will Have Increase of Pupils

Up to Last Night 416 Has Been Listed For the Opening on Monday Next

The indications are that the enrollment for the Santa Ana High School and the Commercial High School this year will show a big increase over last year's enrollment. The highest mark reached in enrollment last year was 551. This next year will probably show an increase of fifteen or twenty per cent.

During this week Principal McMath of the high school and Principal Hughes of the commercial high have been busy enrolling pupils preparatory to the opening of the high schools next week. Up to last night the high school had 336 pupils enrolled and the commercial had 80. This makes a total of 416. It is expected that today and tomorrow will be the two biggest days, and the chances all are that the regular high school and the commercial high school will both open Monday morning with more pupils than ever before enrolled. The second week will find the number swelled beyond the first week.

NO STRIPES FOR HIM

Oregon Prison Officials Refuse to Enter Prison of Girl's Betrayer as Convict

PORTLAND, Ore., Sept. 27.—When W. R. Foote, 70 years old, of Coquille, Ore., was brought to the State penitentiary Sunday the prison authorities declined officially to enter him as a convict, indicating that Governor West contemplates pardoning him without permitting him to be listed or don stripes. Governor West is known to believe Foote's action was justifiable.

Foote is father of sixteen children. One of them was betrayed by Charles L. Wilcox, a Coquille railroad man, who subsequently attempted to ruin a younger sister, aged 13. Foote killed him with a rifle. The first trial resulted in a disagreement. Before the second Foote pleaded guilty to manslaughter to save his big family the humiliation of another court experience.

NO MORE GRAY OR FADED HAIR

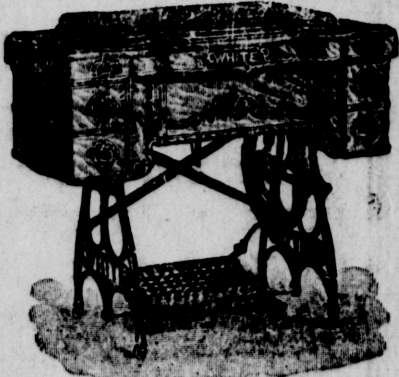

Women and men who use PARISIAN Sage can be sure their hair will never turn gray.

PARISIAN Sage will preserve the natural color of the hair; stop it from becoming faded and lifeless, and by nourishing the hair root give to the hair a lustre and radiance that compels admiration.

PARISIAN Sage stops falling hair; banishes dandruff; makes the scalp clean and free from itches and promotes a growth of heavy hair.

This is the only brand of Chichester's Pills that is made in England, and is the only brand that is sold in this country. It is the only brand that is sold in this country. It is the only brand that is sold in this country.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Dispepsin" Makes Up-set Stomachs Feel Fine in Five Minutes

If what you just ate is pouring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate, sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach—this is indigestion.

A full case of Pape's Dispepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Dispepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Dispepsin cranks, as some people will call them, but you will be cranks about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

DECLARE THEY ARE FOR HIM

San Diego Paper Shows That Newspapers Are Giving Support to Evans

SAN DIEGO, Sept. 27.—A sensation was created here last evening when the Sun, San Diego's Progressive Republican paper, came out under a two column head and reprinted in full a number of telegrams which have been flooding the Sun office for the past 24 hours. These telegrams were from editors all over the district and they declare that the report which was sent out last week by the supporters of the Democratic candidate for Congress to the effect that papers all over the district are turning to him, is erroneous. They say that they are all for S. C. Evans, the Progressive Republican candidate, and proceed to tell why they are for him.

"Mojava desert towns gave S. C. Evans large majority at the primaries and will increase majority at election," wired T. G. Nicklin, editor of the Barstow Printer.

"Statement that San Bernardino editors are opposed to S. C. Evans for Congress is incorrect," declared A. S. Conger of the San Bernardino Index.

"The Ontario Daily Report is supporting Evans for Congress because he is a Progressive and because he stands for the whole district, San Bernardino county as well as San Diego," wired Crombie Allen, the editor of the paper.

"We endorse the candidacy of Samuel Evans for Congress on the grounds of protection of the citrus industry," was sent by C. T. Alderson, of the Highland Messenger.

"The Ontario Record has known about Evans' work for the past 30 years and supports him because he will as truly represent San Diego county as San Bernardino county. He won his nomination fairly and is entitled to election," wired the Record.

"Understand representations made in San Diego that newspapers in San Bernardino are not supporting Evans. All papers in county but one are supporting him, and that paper is not opposing him," was sent from the Redlands Review.

"Evans will receive a larger vote in this county at the coming election than given him in the primary," said W. S. Ingram, editor of the San Bernardino News.

The publication of these telegrams has virtually been the last straw to the back of the standpat camel, which has been fighting for the Democrat just because he is from San Diego. The wonderful success of the Evans meetings which the candidate has been conducting nightly had practically put an end to the efforts of the Spreckels whip to force local Progressives to vote for the local candidate and the publication of these and similar telegrams seems to have shown to voting San Diego that the best way out is to get and do her share in piling up the majority for Evans.

Evans spoke to an enthusiastic crowd at Oceanside Wednesday night and went to Escondido yesterday morning.

Great plans have been made for the big Evans meeting which will be held here tonight. Congressman Woods will preside and several local Progressive Republicans will speak. Dr. William Burke, chairman of the Republican county central committee of San Bernardino county, and E. P. Clark of the Riverside Press, have wired that they and other Evans followers from the north will be here to attend the meeting.

True Culture
"Culture is knowledge gained not for its own sake, but for the sake of the refining of the mind and the sweetening of the world. To know by heart rote and not by heart rote, all the rules of politeness would never make a man polite. Knowledge is for loving use."—Literature and Life, by Rev. L. Maclean Watt.

CLOTHES REFINEMENT

Is Suggested by Our Immense Line of High Class

FALL AND WINTER WOOLENS

DRESS has been described as the outward sign of the inward consideration for other people's feelings. It is more than this. It is the hall mark of what we are. Through our clothes we are estimated by the world, judged by our friends and appraised by casual acquaintances and business associates. Our manner of dress shows the manner of man we are, and the impression carried by our clothes is never wrong. The canons of good taste in dress are rooted in appreciation for artistic things. Correctness in fashion shows a desire to court the good opinion of others. The man of good clothes judgment knows there is a big difference in tailoring. He recognizes the superiority of Lutz & Co. garments because they represent the highest degree of style, quality and individuality.

We are now in a position to make Suits to measure from a good assortment of all-wool fabrics at \$20.00 up.

Flanders "20"

TOURING CAR—EQUIPPED COMPLETE.

For over sixty years—a decade before the Civil War—the name Studebaker has been a guarantee of the highest quality and service. To your fathers and grandfathers it stood for sterling integrity and the highest mechanical skill in the manufacture of road vehicles of all kinds. That honored name, Studebaker cars are built to uphold.

Everything that the broadest possible mechanical experience and intimate, first-hand knowledge of the automobile industry could put into a car is summed up in the name "Studebaker."

The quality of the Studebaker is equal to that of any car made, irrespective of price. We know this, because everything that goes into our cars is manufactured in our own plant, under the most jealous supervision, from materials that have been analyzed and tested in the Studebaker laboratories. Nothing is left to chance or the fortunes of the road.

The low price has been made possible by the enormous Studebaker facilities—the use of automatic machines that perform their task with super-human exactness and mechanical efficiency—and an organization unapproached in the world.

Every owner of a Studebaker has the satisfaction of riding in a car on which he can absolutely depend—so perfect in construction that nothing can get out of order—so simple in operation that any member of the family can run it as well as an expert.

Added to these qualities are beauty of design, absolute riding comfort, style and finish—and unequaled economy of service.

We can promise prompt delivery. Ride in a car that bears a name you know—and always lives up to its name.

CROPS SPELL LOT OF MONEY

Beans Bringing Good Prices,
Walnuts Look as Though
They Would

Ranchers of this county will take in a huge pile of money this fall. Crops all over the county are good, and the prices that are being received are also good.

The sugar beet crop is light, but most reports state that the yield per acre has been better than was counted on at first. That is sure to please the farmer who expects but eight

tons of sugar beets to the acre and when harvest comes he finds he has ten tons. It is just like finding gold. Many bean growers experienced the same kind of pleasant surprises. A large share of the growers found that the yield per acre was better than they had counted on before the threshers began their work. The bean threshing is getting along toward the finish, and the time when the bean buyers are busy is here.

The growers who have sold have been getting as high as \$9 per 100 pounds, which is an excellent price.

The walnut men are also making good money this fall. While the crop is not heavy, the indications for good prices and an early clean-up of the crop are pleasing.

The coming winter is going to be a good one for the orange growers. The trees are well loaded, and the fruit is well distributed on the trees, an indication that the sizes will be uniform. The sugar beets, walnuts, beans and oranges are each good for \$1,000,000 to \$2,000,000.

All along the foothills the indications for fine winter vegetables spell prosperity.

INDICATIONS OF PROSPERITY

Additions to Homes Mean That
the Owners Are Doing Well
in Their Businesses

One of the features of the building permits of the last week is the number of additions being made to residences. Sleeping porches, ordinary porches and garages are but small matters, but one thing is certain and that is that they speak of prosperity. A man who is not doing well in his business seldom makes an addition, however small, to his dwelling. He lets it go as it is until another year.

Santa Ana people are prosperous. This is shown by the fact that a large share of the building done here in the last year has been done by people who make their homes right here and who have been here for a number of years. A good many of the young men who were raised here and who have been employed no other place have constructed homes for themselves and their families.

CHANGE IN OWNERSHIP OF POPULAR DRUG STORE

A deal was closed yesterday by which E. T. Mateer becomes sole owner of the Wheeler & Mateer drug store, the partnership being terminated by mutual consent. The store was bought by Wheeler & Mateer of Harry G. Dean about a year ago and during their short ownership the firm have enjoyed a large and constantly growing business.

Mr. Mateer is a practical pharmacist of many years' successful experience, during which he has been the manager of some of the largest drug stores on the coast. Previous to coming to Santa Ana he was connected with the Owl Drug Company of Los Angeles and was one of that great drug concern's most valuable men. Mr. Mateer is a firm believer in the square deal business policy, of giving full value and "money back if you want it."

Dr. E. G. Wheeler retires from the firm to take up other lines of work, but for the present will continue to make his home in Santa Ana, where his genial personality has made him a host of friends.

GOOD SALE OF A GOOD GROVE

Orange News: The largest real estate deal that has been made in this vicinity recently was reported today by S. M. Craddock, who figured as agent in the sale. The R. S. Hull ranch, northeast of Orange, was the property concerned in the transaction.

The Hull ranch consists of 17 acres, all citrus fruit, oranges and lemons. It also has improvements in the shape of an excellent modern bungalow, garage and barn, making in every way an ideal home.

The purchaser is Mr. Truman Berry of Whittier, and the price named is \$30,000, nearly \$2000 an acre.

BELIEVES WALNUT OUTPUT BE LESS THAN LAST YEAR

Some of the walnut growers believe that the output this year will equal that of last year. My observation of the crop around Tustin and Santa Ana leads me to believe that it will be less than last year. It is admitted by all that there is not as heavy a crop as last year. But some believe that the new orchards which have come into bearing will bring the output up to last year's. This would probably be the case if it were not for the severe damage done by frost in this section. This frost damage will, in my opinion, cut the output down below that of last year. How much? I do not undertake to say, since I do not feel myself sufficiently familiar with the situation. A lighter crop than last year is reported from other portions of the county, and from different counties in the state. The foreign crop is also reported to be light.

This will have an important bearing on the price. The failure to obtain an estimate of the crop last year which was anywhere near correct had much to do with the failure to sell the output promptly. Every ton, covered by the estimate which was nearly one-third too low, was sold before it was harvested. The rest went begging for a while, and if it had not been for the efficient work of the Walnut Growers' Association the growers would have received less than it cost to raise them. Mr. B. A. Woodford, general manager of the California Fruit Growers' Exchange says in his report: "From every standpoint it pays to come as near the truth as possible in estimating the size of a crop yet unharvested, after which a conservative statement of the facts as you know them is the best policy." I will repeat the suggestion I made some time ago. Let the walnut associations of the county endeavor to get as close an estimate as possible of the crop. To accomplish it, they should get a list of all the growers in their district. They can mail out return postal requests for an estimate. Many will neglect to answer, but a fair number will answer. A field man should then be sent out to interview the growers who did not answer, or whose answers were not satisfactory. He should be a man who can make a fair estimate himself; yet the grower will not be able to do this. He should be able to present the argument for the association in a friendly and persuasive way, wherever he finds a good opening.

The members of the association have just received their last dividend, which I find is 20 per cent of the total amount, the other 80 per cent having been paid shortly after the delivery of the walnuts at the packing house. It will be remembered that the price set by the association last year was 14 cents a pound on No. 1 nuts, which means 13 cents net to the grower, inasmuch as the cost of preparing them for the market together with the selling expense come to about 1 cent a pound. Since the association had to cut the price 1 cent a pound on one-third of the crop and had extra expense in storing, insurance, etc., the net result for the grower is 12½ cents a pound for the No. 1 grade. This is a good price, and a very fortunate and satisfactory outcome, arising from a situation which for a time was extremely discouraging. This situation was brought about in good part at least by the outsiders. How? Let us see. Some of them sold at 13 cents a pound orchard run, a very good price, and more than the association members receive. This lot could not come in competition with the association price. Other outsiders sold at 12, at 11, at 10, at 9 cents. These lots bunched with the 13 cent lot gave an average price of considerably less than the asso-

CORNERSTONE FOR NEW CHURCH LAID

Fullerton Tribune: Sunday, September 22, will go down in the annals of church history as a red letter day for the Baptist church of Fullerton. The morning service was one of great satisfaction and benefit to all, there being twenty-two new members accepted and voted into the fellowship of the church.

The afternoon services, during which the cornerstone of the magnificent new structure was set in place, were very impressive and very largely attended. The services were opened by the singing of the Doxology by the congregation and a short prayer by Rev. Whiteside. After another hymn and a few announcements and remarks by the pastor, Rev. A. H. Bailey, former pastor, read the church history. He started with the organization on November 12, 1893, with twelve members, and told how the church grew and expanded until after ten years it was necessary to build a substantial annex, the cornerstone of which was laid in 1903.

Then on with the growth and enlarging until the building, even with the annex, was not sufficient to meet their needs, hence the selling of the old and the erecting of the new church edifice. He told of the work and care and progress of the different pastors from Rev. J. M. French, the first, to Rev. Russell B. Whiteside, the seventh and present pastor, and ended with the prayer that greater good and better work may come in the service in the new church.

OLD HOYT PLACE SOLD

Orange News: The J. F. Richards ranch, north of El Modena, known as the old Hoyt place, was sold Tuesday to a company of Santa Ana men, who, it is announced, will set the ranch to oranges. The sale was handled by the Schaffert Realty Company.

The price paid for the place was in the neighborhood of \$25,000. The ranch consists of 94 acres, practically vacant, with a large house. It will be planted to Valencia.

You and your driving horse will like our shoeing. Smith, 407 North Birch.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made
From Garden Sage, Restores
Color to Gray Hair

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty-cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

THE PLACE

Par-Excellence FOR A Summer Home

ADDRESS

W. W. WILSON, Mgr.

East Newport, Calif.

OPENING OF HARBOR IS ONLY CHANCE FOR TERMINAL RATES

There has been considerable talk again lately about the possibility of getting terminal freight rates for Santa Ana, and those who have recently been working on the Newport Harbor proposition think the immediate opening of Newport harbor for commerce is the only way terminal rates can be secured soon. At present this city is paying all the way from seven and a half to fifteen cents and even more for freight between here and Los Angeles, the only city in Southern California having terminal rates beside San Diego. Should Santa Ana extend her city limits down to Newport Bay, and have that harbor developed for commerce, this city might be granted terminal rates and so the extra freight on everything which the people of this county are now paying for their merchandise could be decreased. About \$40 a carload on grocery merchandise which is now shipped from Los Angeles would be saved.

The matter of terminal rates has been taken up by the manager of the Wholesale Grocery Company, which has just been recently organized, and which is now doing business in the new two-story building on East First street on the Santa Fe railroad.

The first and most important difficulty, which lies in the way of this wholesale business and any other that may be organized here in the future is the matter of terminal rates. This loss of \$40 to \$50 a car for merchandise which wholesale houses in this city will have to stand in competition with Los Angeles wholesalers is very apt to discourage many companies from operating in this city. If terminal rates could be secured, it would be the greatest thing possible for this city as it would encourage the establishment of new manufacturing companies as well as wholesalers.

J. C. Metzger, secretary of the Chamber of Commerce, when asked about the possibility of this city securing terminal rates said that at present there was no chance at all, that the only chance for securing

them was for this city to extend its city limits to Newport Harbor and open the harbor for commerce. In that way the railroad's regulation would be complied with which says that no city which does not have water competition is entitled to terminal rates.

Mr. Roehm, manager of the grocery company, said that in consulting with the representatives of the railroads and steamship lines concerned they told him that unless Santa Ana had water competition there was not even a possibility of securing the terminal rates. They said that if Santa Ana was given this advantage every city west of Oregon could apply for them and have a perfect right to them.

The advantage of having this great decrease in freight rates on all merchandise used in this county is hard to estimate, it is so large. The territory immediately surrounding Santa Ana and tributary to it could be reached easily by auto trucks. The wholesale grocery company already has two auto trucks purchased for delivery purposes of the city.

"This work in rushing through the completion of the harbor at Newport Beach should be encouraged by all the cities in the county and by all the civic bodies of the county," said one interested in the question. "All the advantages secured to this city would be of exactly the same benefit to all the other Orange county cities, and would decrease the extra cost in living which we are now paying by reason of extra freight rates."

"The example of the municipal railway which the city of Los Angeles is now building to San Pedro would not be out of the question for the cities of this county, for the interests are all alike, and by having a municipal railway to the harbor we would not have to pay the railways the excessive charges which they make on all classes of merchandise which forms the backbone of this county's prosperity."

stake, regard the passage of this measure as the most important matter before the people—more important than the election of judges, more important than the election of legislators, more important than the election of the President. They will labor for the passage of the measure tirelessly.

Only by determined effort on the part of those who oppose the evils of racetrack gambling—and their votes—can the bill's passage be prevented.

Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home. Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—

RACETRACK GAMBLING

BY FRANKLIN HICHBORN, SANTA CLARA, CAL.

James H. Barry, editor of the San Francisco *Star*, in the issue of September 14, tells how he was tricked into signing the petition to the bill to legalize racetrack gambling submitted to the people of California.

Gamblers Misrepresented
When Mr. Barry went to register, he was asked to sign the petition on the ground that it was to prevent racetrack gambling.

With this understanding, Mr. Barry signed gladly, and got others to sign. Later on he learned that he had signed a petition to give the racetrack gamblers opportunity to resume operations. Of the incident, Mr. Barry says in the *Star*:

"We signed this initiative petition, and we did so under the supposition that the bill was what it purported to be, a throttle for gambling in California. It appears, however, that there is a 'bug' in the measure, and that it really was designed to foster racetrack gambling in this state."

Barry's friends are inclined to regard the incident as a good joke on Barry, for Barry and Barry's paper have for years been uncompromisingly against the racetrack gamblers.

It is a joke—if a piece of deception, misrepresentation and trickery can be regarded as joking.

Not an Exceptional Case

And Barry is not the only citizen who helped put the gambling bill on the ballot in the belief that he was supporting an anti-gambling measure. Hundreds were, in the same manner, tricked into signing the petition.

And casual reading of the bill convinces the average person that it is, as the gamblers pretend it to be, a measure to prevent racetrack gam-

bling, when its real purpose is to restore the evil in California.

By the same trickery which the necessary signatures were secured to the bill submitted to the voters, the gamblers hope to secure favorable action upon it.

The gamblers and their supporters will all vote for the gambling bill for what it is. But these cannot muster the necessary votes to restore racetrack gambling in California. Honest men and women who oppose racetrack gambling must be tricked into voting for the gambling law or it cannot be carried.

The gamblers hope to get these men and women to vote for their measure, just as they got editor Barry to sign for it, namely, by representing it to be what it is not.

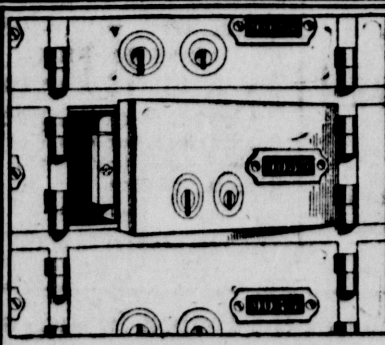

The bill has been worded to make its purpose appear to be to suppress racetrack gambling; the title by which it goes on the ballot declares the measure an act to prohibit pool-selling and book-making. And yet, under its provisions, racetrack gambling will be revived in California. And for such is the measure intended.

All Must Vote

Under the initiative amendment to the state constitution a majority of the votes cast for an initiative measure makes it a law. The gambling element will vote for the initiative law and work for it.

Opponents of racetrack gambling must cast more votes against the gambling law than the gamblers succeed in securing for it, or racetrack gambling will be established in California by vote of the people.

The gamblers, with millions at

The Security Offered by our Safe Deposit Vaults

We give to patrons the advantages of new and modern vaults reinforced and barricaded with Yale Deposit Locks. The Yale system of locking is known around the world as the most sturdy, the most impregnable.

Every box in our vault is protected by a special guard mechanism and a double set of tumblers. Entrust your valuables to us—they will be safe from fire as well as theft.

PRICES \$1.50 PER YEAR AND UP.
Orange County Savings and Trust Company.

Hill's Corner

It is quite evident that galvanized corrugated Iron (and all flat sheets) will be considerably higher before this year is gone. There has already been several slight advances within the past thirty days, but we placed our orders early and the iron we have "to arrive" with a good stock on hand will hold this market steady for some time.

The general tendency is upward for all heavy goods in our lines and we have provided for the immediate future by placing our orders farther ahead than usual, by and by we will be compelled to pay the higher prices if our "guess" is correct.

Our stock of Plumbing goods is about complete and all our plumbers and tanners are busy.

The outlook for the year ahead is good, barring political errors.

S. HILL & SON.

LOS ANGELES PRODUCE MARKET

Receipts of fresh fruits were not heavy yesterday. A few cars of cranberries came in and are selling at \$9 to \$10 per barrel. Several cars of peaches were received, and the fruit is selling at 2½ cents a pound, ½ cent up. Hungarian prunes are now being taken out of storage and have a very good market. They are selling at 9½ cents a pound in some instances. Ripe tomato stock is not coming in as freely as it was, and certain dealers are quoting the vegetable as high as 45 to 50 cents a box. The potato market is likely to show greater strength. Car lot prices are still running as low as 90 cents, but receipts yesterday were only 400 sacks. Five cars of onions for October delivery were sold at 75 cents a hundred, and five for November delivery at the same rate. Peas are scarce and selling at as high as 9 cents a pound. Lima beans are less plentiful than they were and are bringing from 3 to 5 cents, while green beans are quoted from 3 to 4 cents. Casabas are quoted as low as \$1.25 a crate, and are much weaker. A few cantaloupes have been received, and are bringing as high as \$1.75. Pears are quoted as high as 5 cents a pound, and \$1.25 a crate. The staple market was unchanged. Ninety cases of eggs, 53,250 pounds of butter, 2850 pounds of cheese and 8992 boxes of apples came in. Butter is weak at 35 cents in the San Francisco Exchange, according to the bulletin board of the Produce Exchange. Prices of tame oat hay, barley hay and wheat hay are stronger, owing to summer shortage.

WESTMINSTER NEWS BUDGET

WESTMINSTER, Sept. 26.—Mr. and Mrs. C. W. Loud of West Hampton, Mass., and Chas. Lyman and wife, of Long Beach, spent several days last week with E. C. Phelps and family. Mr. and Mrs. Loud attended the G.A.R. encampment at Los Angeles. They were very much pleased with California.

Mrs. E. A. Lyman, Mrs. J. F. Patterson and W. H. Bentley spent Monday in Los Angeles.

Rev. Wardell spent Monday, Tuesday and Wednesday in the city.

F. M. Holaway and wife, of Lankershim, visited with friends here and at Garden Grove this week.

Mrs. Beatrice Stockton and little son Doyle leave Saturday for Riverdale, Fresno county.

The grammar school commenced Monday with a very light attendance. Prof. Thomas Hosack, principal; Miss Stanley, intermediate; Miss Knoll, primary. Total attendance 68.

Rev. L. W. Moore went to Pasadena on Monday.

Mr. and Mrs. F. M. Watson spent Sunday at Newport Beach.

Several of the young folks from Westminster attended the barn dance at the Ward place at Bolsa on Saturday evening.

Miss Itasca Craig spent Saturday and Sunday with her parents, Mr. and Mrs. J. Craig.

SEVERELY INJURED IN PLANING MILL

F. L. Ainsworth Struck by a Piece of Lumber—Bertha Kelly is Injured

Orange News: F. L. Ainsworth of the Ainsworth Lumber Co., was father severely and painfully hurt in an accident at the Ainsworth mill this morning. Mr. Ainsworth was working with a rip saw, when a piece of lumber caught in the saw and was thrown with terrific force, striking endwise against the pit of his stomach.

Mr. Ainsworth was rendered unconscious by the blow and also lost partial use of one leg through the paralyzing of a nerve in the abdomen. He was taken home and given medical attention. It can not yet be determined how serious the injury will be.

Bertha Kelly, daughter of Mr. and Mrs. J. C. Kelly of El Modena, and sister to the great Fred, was slightly injured at the high school today while she was playing in the basement. As the girl was running she slipped and struck her head against the floor, the blow rendering her unconscious for a short time. She was taken up stairs and cared for at once and this afternoon rested very well.

The accident was the only feature to mar the home-coming of her famous brother, Fred Kelly, who was at the school to see her this afternoon.

The wedding of Miss Ada Hortense Gathercole, a pretty Orange girl, to Mr. Harry St. Clair of Los Angeles, was celebrated in this city at 12 o'clock today. Rev. B. C. Cory of the First M. E. church officiated. The ceremony was a simple affair, only the immediate relatives of the couple being present.

Miss Gathercole is the daughter of Mr. and Mrs. S. L. Gathercole, who have made their home in this city since last spring, when they purchased a ranch here. The young man is in business in Los Angeles, where the couple will make their home. The best wishes of their friends here go with them.

9,827,763 NEGROES IN U. S. Census Shows Mulattoes Form 21 Per Cent of Whole—Increase of 9 Per Cent Since 1870

WASHINGTON, Sept. 27.—A preliminary statement showing by states the negro population in the United States and the proportion of mulattoes to full-blooded negroes has been issued by the Director of the Census.

The total negro population is placed at 9,827,763. Of this number 2,050,006 are set down as mulattoes. The negro population in 1870 was 4,850,000 with 534,049 mulattoes. The percentage of mulattoes in 1870 was 12 per cent of the whole while in the census of 1910 it is set down as practically 21 per cent.

The greater increase has been in the northern states. This, it is pointed out, is not necessarily because of intermarriage between whites and negroes, but due to the natural increase that would come of the marriage of full blooded negroes and mulattoes whose children are negroes.

NEW WAY TO BOOST A-SCHOOL CENSUS

Butte County, California, Appealing For Teachers With Families

CHICO, Sept. 27.—The school superintendent of Butte County is offering special inducements to teachers with families to locate in the county and has commenced by declaring her intention of employing for Bangor school district a teacher with at least two children. No teacher without a family will be considered. The Bangor district is in danger of lapsing, because of a scarcity of school children. The minimum has been expedited and at least two must be added before school can be opened. To arrange for this and prevent the district from lapsing Mrs. Abrams announced that offers for the place will be received from women teachers with families.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 226.

MERCHANTS ALPHABET ADVERTISING CONTEST NO. 6

\$1.00

An Educational Contest With \$1 Worth of Merchandise As a Reward for Reading the Following Advertisements. DONT TELEPHONE; BRING OR MAIL YOUR ANSWERS.

\$1.00

In two of the advertisements printed below are two misspelled words. On the page is a coupon. Read over the advertisements carefully, locate the misspelled words; fill out the coupon, stating what words are misspelled and in whose ads they are found, then mail or bring it to the Register. The first two correct answers received will be given an order for one dollar (\$1.00) in merchandise upon the merchant whose ad contained the incorrectly printed words. All answers must be in the Register Office before 2 o'clock on Saturday afternoon. They will be numbered in the order received prior to the hour mentioned, but will not be opened until after 2 o'clock Saturday afternoon. No one directly or indirectly connected with the Register will be permitted to take part in this contest. This contest will appear each Friday night. Address all answers to the Advertising Contest Mgr., Daily Register. Remember, in making your answers, that abbreviation will not be counted as mistakes. Names and addresses of winners will be published in the issue following date awards are made.
